Chancellor Adenauer Tells West Germans He Thinks Bulganin Will Keep His Word

BONN, Germany (AP)—Chancellor Konrad Adenauer returned to Bonn today from his historic talks with Soviet leaders and declared "I do not doubt that Premier Bulganin will keep his word to release Germans still held in Russia."

The 79-year-old West German leader was given a triumphant welcome home from the talks in Moscow where he agreed to establish diplomatic relations between West Germany and the Soviet Union.

On the Soviet promise to return German war prisoners — of prime importance to the German people — Adenauer said:

"Premier Bulganin told me that even before I arrived in Bonn, action to return the German war prisoners would already be started."

"Bulganin, as well as Khrushchev (the Communist party boss), further declared that if other Germans are still held in the Soviet Union, we can submit a list of their names."

"They will then try to find them."

Adenauer proudly told hundreds of enthusiastic West Germans at the Bonn-Cologne airport:

"We can therefore hope that the German war prisoners and all others still held in prison there will return soon to our fatherland."

He made no direct comment on reunification of Germany, the big issue upon which no apparent progress was made in the five-day conference in Moscow. But he hinted at future negotiations in these words:

"It was no easy conference. It will afford an opportunity for further talks over political and all other questions. The German delegation stood solidly in Moscow for our fatherland."

Just before his departure from Moscow Adenauer issued an informal invitation to Bulganin to visit him in Bonn.

Official circles in the West German capital were eagerly awaiting a detailed explanation of the surprise German-Soviet agreement to establish diplomatic relations.

Adenauer is expected to brief his cabinet tomorrow on the Moscow agreement, which has to be approved by Parliament.

The Socialist opposition representative on the German delegation, Carl Schmid, will also tell his party leaders what happened.

There had been little rejoicing when the news was announced that Moscow and Bonn had agreed to establish diplomatic relations.

## New Yorkers Discover Heavy Sulfur Dioxide Contamination of Air

MINNEAPOLIS (AP)—The air New Yorkers breathe is contaminated each year with more than 1½ million tons of odorless sulfur dioxide gas enough to form 2,200,000 tons of sulphuric acid.

Most of it comes from burning coal and fuel oil, they said, but other villains are auto exhausts, outdoor trash fires, smoky incinerators and "polluted air blowing in from the state of New Jersey."

This report was made to the American Chemical Society by Dr. Morris B. Jacobs, laboratory director, New York Department of Air Pollution Control, and Dr. Leonard Greenburg, New York's commissioner of air pollution control.

Sulfur dioxide gas is blamed for causing irritation to eyes, throats and lungs and damage to growing plants. The airborne acids are charged with causing peeling of paint, corrosion of metal roofs and of air-conditioning equipment.

Dr. Greenburg said his department expects cooperation from all major uses of fuel in the New York area and, if necessary, to induce them to make a gradual conversion to using natural gas or a higher grade of fuel oil containing less sulfur.

## Slow to Pack Up

Apparently Summer intends to clutch her crown tightly until her allotted time runs out. It's still plenty warm in that sun.

Mostly fair tonight and Thursday. High Thursday near 90. Low tonight near 65.

The temperature at 7 a.m. was 63, 87 at 1 p.m. and 91 at 2 p.m.

The temperature one year ago today, high 89, low 66; two years ago, high 83, low 65; and three years ago, high 82, low 67.

Stage at Lake of Ozarks 57.2 no change.

Noted Speaker to Address Local Group—

## Chamber of Commerce Annual Banquet Set For November 11

The annual Chamber of Commerce banquet will be held on Friday, Nov. 11, members of the Chamber of Commerce board were told at a meeting Tuesday afternoon by Floyd Priddy, first vice-president. Priddy stated that E. D. Monroe, Clinton, N.M., a well-known speaker, will come to Sedalia to make the address. Monroe, whose

principal addresses have been to Chamber of Commerce groups and Rotary Clubs, is an exceptionally interesting speaker according to several Sedalians who have heard him and the Chamber of Commerce feels it has a real treat in store this year for those attending the banquet.

A feature of the banquet again

this year will be the gifts from various business places and manufacturers. This always provides a lot of fun.

The banquet will be held in the Smith-Cotton cafeteria and tickets will be limited to 600.

The board meeting was presided over by K. U. Love, president, and several reports were made by Jack Faber. One report was on the retail merchants meeting held Tuesday morning in which the new store hours were changed 9 a.m. to 8:30 p.m. Friday instead of 8 p.m. and on Saturday from 9 a.m. to 5:30 instead of 6 p.m.

Faber also gave a report of the activities of the Chamber of Commerce during the Missouri State Fair. The ham breakfast, he stated, was a success, as was the parade. He told the group that a lot of hard work had gone into that parade, both in the organization and the building of the float, and those who had done this work deserved much credit and praise. Faber also told of greeting the St. Louis and Kansas City groups, of the information booth and of the trophy presented by the Sedalia Chamber of Commerce and stated that the State Fair officials were very appreciative of what the Chamber of Commerce had done to make the Fair a success.

The board discussed plans in which more time and effort might be devoted to bringing industry to Sedalia and the need for additional working capital for that purpose.

Mrs. Marjorie Garanson, chairman of the membership committee, announced three new Chamber of Commerce memberships, the Railway Express Co., Vincent Motor Sales Co., and Paul Alpert, and two increases in memberships one by the Cecil Radio and TV Co. and one by Mullins' Men's Wear.

Faber told of the new cut off on Highway 50 which would bypass Kansas City and thus bring more traffic over Highway 50 through Sedalia. This cutoff, he said, has been made possible by a new piece of road that makes the entire cutoff good road.

Love announced that Jack Faber and Vernon Rodick will attend the state Chamber of Commerce convention which will be held at the Jefferson Hotel in St. Louis on Sept. 16.

Present at the board meeting were: K. U. Love, president; Floyd Priddy, first vice-president; Vernon Rodick, second vice-president; Claude Boul, immediate past president; Mrs. Ike L. Warren, treasurer; Jack Faber, executive manager; George Dugan, Jack Shoe-maker, and Mrs. Marjorie Garanson, directors.

## Hurricane 'Ione' Now Building in Atlantic

MIAMI, Fla. (AP)—The San Juan, Puerto Rico, Weather Bureau reported today that tropical storm Ione has formed in the Atlantic ocean about 320 miles east of San Juan.

The winds were blowing at 65 to 70 miles an hour, slightly less than hurricane force, but the storm was expected to grow into a full hurricane this afternoon.

The first advisory, issued at 11:20 a.m. EST ordered storm warnings over the Leeward Islands north of St. Kitts and over the northern Virgin Islands.

## Lifer Says Vidauri Was In on Killing

ST. CHARLES (AP)—A life-term convict at the Missouri penitentiary has testified that Joseph M. Vidauri was one of the convicts who broke into the death-row cell where Walter Lee Donnell was slain, after leading to get into his own adjoining cell.

The "lifer," 52-year-old James M. Creighton, gave this testimony last night at the murder trial of Vidauri in the St. Charles County Circuit Court.

Vidauri, 20-year-old convict of Mexican descent, is the last of seven convicts charged with murder in the killing of Donnell during the prison riot last Sept. 22. Five have been given life sentences and a sixth sentenced to death.

Creighton, serving a life term for murder, testified the seven convicts, all armed with butcher knives, failed to get into his cell after he stuffed the lock with bits of concrete and other debris, preventing the use of a key.

Creighton testified the convicts shouted they were out to "get" Donnell and himself and spent two hours trying to break down a door leading to death row.

Vidauri showed no emotion as he listened to Riley.

CONSOLES MRS. SILVER—Herman R. Silver, food chain executive, comforts his wife, Mrs. Gertrude Silver, during a court appearance in Philadelphia after the 49-year-old woman was arrested because of a charge of conspiracy and accessory charges in the abortion death of her 22-year-old daughter, the bride of a Miami Beach, Fla., policeman. When court recessed for an examination of Mrs. Silver on request of her attorney, an "outside" psychiatrist testified that she should be "put in a mental hospital."

## 'Hilda' Could Return

Storm Loses Punch After Hitting Cuba But Might Regain Strength Over Sea

MIAMI, Fla. (AP)—Hurricane Hilda, weakened by her encounter with the towering mountains of eastern Cuba, moved off that rain-drenched island into the Caribbean Sea today with a good chance of regaining her full strength.

Reports from Cuba were sketchy but storm forecasters here said the eastern end of the island undoubtedly was pelted with heavy rains.

Hilda's top winds, which were estimated at 90 miles per hour when she moved into Cuba, had dropped to 60 to 75 in squalls near the center as she left Cuba at Cape Cruz and entered the Caribbean.

"It is very likely that the storm will redevelop over the Caribbean," Pardue said. "It has been our experience that a hurricane hardly ever dies over tropic seas."

A special bulletin from the Weather Bureau at San Juan, Puerto Rico, reported "strong evidence," meanwhile, that a new tropical storm has developed in the Atlantic 1,400 miles southeast of Miami.

A hurricane hunter plane was dispatched from San Juan to survey the area and a new advisory was promised when the pilot makes his report by radio.

The storm was 350 miles east and slightly south of San Juan and all interests in Puerto Rico, the Virgin Islands and Leeward Islands were alerted for possible warnings later today. There was no definite information on the strength or movement of the storm.

This is the disturbance the Miami Weather Bureau has been watching since Sept. 8, when it started as a low pressure system moving off the African continent into the Atlantic.

Hurricane Hilda encountered mountain peaks rising to 8,000 feet as she thrashed across Cuba.

Santiago, Cuba's second largest city near the southeast end of the island, reported heavy rains and strong winds but no casualties.

The storm flooded streets and knocked out some telephones there. The big U.S. naval base at Guantanamo Bay reported winds up to 45 miles an hour in gusts knocked out electrical services for 10 minutes last night. The storm apparently passed to the north of that installation.

Navy hurricane hunting planes kept close watch on the small storm.

The storm was accompanied by winds occasionally reaching gale force in squalls extending 75 miles to the north and 40 miles to the south of the center, forecasters reported.

The hurricane was about 400 miles south-southeast of Miami and its present path was expected to keep that distance as it moves into the Caribbean Sea.

## Probe Continues Into Background of Couple Held in Abortion Case

PHILADELPHIA (AP)—The district attorney's office widened its probe today into the past activities of a couple held in the abortion death of heiress Doris Silver Ostreicher in the wake of reports of other abortions allegedly performed by the pair.

Officials awaited results of a chemical analysis of bed linen taken yesterday in a thorough police search of the couple's North Philadelphia apartment where the 22-year-old bride of two months died Aug. 24.

The couple, Mr. and Mrs. Milton Schwartz, are free in \$5,000 bail each pending a hearing Monday on charges of performing the unsuccessful abortion that caused the death of Mrs. Ostreicher.

Asst. Dist. Atty. Jacob Kalish said yesterday that investigators had a "great deal of information" about other abortions allegedly performed by the Schwartzes. He declined, however, to comment directly on a report that an unidentified woman told police in nearby Camden, N. J., that she had paid Mrs. Schwartz \$500 in 1953 for an unsuccessful abortion.

## Brothers Divided On Missouri Bar Panel

KANSAS CITY (AP)—Two brothers will take opposite sides here Sept. 23 at the opening session of the Missouri Bar Association's annual convention.

There will be a panel discussion on "An Editor Looks at the Lawyer." On one side will be C. L. Blanton, Jr., president of the Missouri Press Association and publisher of the Sikeston Daily Standard. On the other will be Harry C. Blanton, Sikeston attorney.

Sedalians In Traffic Mishap—

## Carl Shoe Seriously Injured Tuesday as Auto Jumps Road

Carl D. Shoe, 45, salesman for the Mike O'Connor Chevrolet-Buick Motor Co., was seriously injured about 9:05 p.m. Tuesday when the car in which he was riding left the highway and crashed into a ditch about a mile east of Dresden on U. S. Highway 50.

William Brown Wither, 1007 East Sixth, was the driver of the car.

Shoe, who resides at 1810 South Montgomery, suffered a compound fracture of the right leg, the larger

bone of the leg piercing through the skin just above the ankle, and a double fracture of the bones in the left leg. He also suffered facial injuries and was in shock.

He was rushed to the Bothwell hospital in the Ewing ambulance where Dr. Pete Siegel and Dr. Karl B. Gonser, set the fractures and rendered medical treatment.

Witcher suffered chest injuries, a laceration on the top of his head and a minor cut on the back of his left hand.

Witcher said he was driving the new 1955 Chevrolet sedan east on Highway 50 and that a car crowded him. The Chevrolet left the highway and went onto the shoulder, traveled about 30 feet when it struck a highway spillway. It then went about 15 feet further and with the entire right side of the car in the air the bottom portion of the car scraped a concrete culvert, and dropped down into the drainage ditch. The momentum of the car carried the car forward and it went down into a ten foot ditch, traveled approximately 150 feet before coming to a sudden stop as the right front wheel of the car buried itself into the embankment.

Shoe who was riding in the front seat was thrown to the floor of the car, his face striking the dash board of the vehicle.

Witcher was thrown against the steering wheel and column of the vehicle bending the ring of the steering wheel down.

Trooper Pete Stohr of the State Highway Patrol was cruising on Highway 50 and came upon the accident a few seconds after it had occurred.

Dr. T. Reed Maxson, of the Warrensburg Medical Center, reported seeing the accident and returned to the El Rancho Motel from where he had an ambulance called and the Highway Patrol notified through the Sedalia Police. Dr. Maxson was accompanied by Mrs. Maxson.

The wrecked vehicle was towed to Sedalia by the Chamberlin wrecker.

Hot and Dry Weather Continues in Missouri

KANSAS CITY (AP)—More hot weather and no rain is the best the weatherman has to offer for Missouri.

A once-promising cold front, now in Iowa and Nebraska, has lost its push. As a result Missouri will have highs of between 90 and 95 Thursday. Southwesterly winds, 30 to 35 miles an hour, are forecast for this afternoon in the west and north sections of the state.

Highest in the state yesterday was 90 at St. Joseph. The low this morning was 50 at West Plains.

## Springfield Passes Sewer Bond Issue

SPRINGFIELD, Mo., (AP)—A \$9,900,000 sewer bond proposal won over a 3-1 majority of 11,768 votes cast in an election yesterday.

The sewer bonds split into two types were approved as follows: General obligation bonds totaling \$5,590,000 carried by a vote of 8,921 in favor to 2,847 against.

General revenue bonds totaling \$4,400,000 were passed 8,785 for to 2,887 against.

## Extend Martial Law

ANKARA, Turkey (AP)—Martial law, imposed after wild anti-Greek riots last week, has been extended for six months in Turkey's three biggest cities, Istanbul, Ankara and Izmir. The extension was voted overwhelmingly by Parliament.

## Dockmen Call Off Walkout

Will Air Grievances Before Committee; Ends Giant Tie-up That Cost Millions

NEW YORK (AP)—New York's disgruntled longshoremen today called off a protest strike that has played havoc with East and Gulf Coast shipping for the past eight days.

A meeting of more than 5,000 dockers stamped a cheering okay on a plan designed to let them air their grievances before a citizen's committee.

The action means an end to a multimillion dollar tie-up of cargo movements. The stoppage had hit not only New York but also ports throughout the East and South where thousands of longshoremen walked out in sympathy yesterday.

The International Longshoremen's Assn.'s fire was aimed not at employers but at the Waterfront Commission, an official, bi-state policing agency.

Rebuffed again and again in its efforts to win the ears of legislatures, governors and even Washington, the stormy ILA seized on the citizens committee formula proposed by State Sen. James F. Murray Jr., of New Jersey.

ILA President William Bradley came out for the plan in advance of the meeting. But with the ILA's tradition of kicking over the leadership traces, there was no foregone conclusion the rank and file would go along.

The union was under heavy pressure to end the walkout. Three court injunctions have been issued against the strike. Bradley has been ordered to appear in New York State Supreme Court today stemming from one of the injunctions.

The shipping industry has announced it will follow up the injunction with a damage suit for 10 million dollars or more.

The union's bid to back up the New York dispute with sympathy strikes all along the Eastern and Gulf coasts proved not entirely successful. A general strike order stopped work in a number of busy ports but failed to close down others and sparked scattered signs of revolt against the top union leadership.

## No Constitutional Changes Come From Two State Proposals

JEFFERSON CITY (AP)—The two proposals up for voter consideration in the Oct. 4 referendum election, a foundation program for schools and a cigarette tax of two cents a package, really aren't changes in the Missouri Constitution.

But, Secy. of State Walter H. Toberman said today, a quirk in Missouri's election laws made it necessary to label them "constitutional ballots."

Actually, the two proposals are laws recommended by last spring's Legislature but passed on to the voters for final approval. It's the first time since Missouri adopted the 1949 constitution that the referendum procedure has been used on laws.

And recent advertising of the "constitutional ballots" has a lot of folks stirred up. Some complain in letters and telephone calls to the secretary of state's office. Others just kid the secretary's staff about what they thought was a ridiculous mistake.

## Compton Confident Ike Will Run in '56

MONTGOMERY CITY (AP)—State Republican Chairman Perry Compton says he's confident President Eisenhower will run for re-election next year but he doesn't expect the President to make any announcement before next June or July.

Compton, who returned yesterday from a conference of state GOP chairmen with the President, said the announcement will be delayed because the President doesn't want his legislative program to become involved in politics.

He predicted the administration would do something to correct declining farm income in Missouri and expressed belief the farm income problem won't hurt Republican chances of carrying the state next year.

## Eastern Disric Commander Officiates—

Installation of Officers Held  
By Legion Post and Auxiliary

Installation of officers of the American Legion Post 266 and the Auxiliary was held Wednesday evening, Sept. 7, in a joint meeting at the Legion Hall, Roy Carver, Columbia, commander of the Eastern District, installed the following: commander, Karl Kistenmacher; first vice-commander, Ed Klenken; adjutant, Herman Ries; finance officer, Oscar Meisenheimer; chaplain, Albert Eichorn; historian, A. J. Samer; service officer, Dr. E. I. Schilb; child welfare, Wilbur Stegner; assistant child welfare, Walter Lang; and sergeant-at-arms, Les Chamberlin.

Commander A. J. Samer was in charge of the meeting, which was opened with the group singing the national anthem, followed by prayer. Commander Samer introduced the following visitors: Roy Carver, commander of the Eastern District, and Mrs. Carver, Columbia; Erman Taylor, alternate national committeeman, and Mrs. Taylor, Blackburn; Lloyd Rugen, 8th District commander and Mrs. Rugen, Woolridge; Walter Castle, 8th District vice-commander, and Mrs. Castle, Auxiliary president of the 8th District; Les Sanders, service

officer, Boonville; Mrs. John Gentry, Mrs. F. R. Chapman and Mrs. H. H. Davis, Boonville; and Mr. and Mrs. Virgil Walden, Pilot Grove.

Mrs. Walter Castle, in an impressive ceremony, using as her theme "For God and Country We Associate Ourselves Together," and using the colors of the organization with the American flag as a symbol of pushing Old Glory forward, installed the following auxiliary officers: president, Mrs. Herman Ries; first vice president, Mrs. John Gentry; second vice-president, Mrs. John Kempf; secretary, Mrs. Charles Shay; treasurer, Mrs. A. J. Samer; historian, Mrs. Will Schneider; chaplain, Mrs. E. I. Schilb; and sergeant-at-arms, Mrs. Ernest Walje.

Mrs. Castle, assisted by her son, Allen Castle, presented Mrs. A. J. Samer with the past president's pin. Mrs. Samer gave an account of the past year's accomplishments during her presidency. Mrs. Castle recognized two unit members of the local unit as 8th District officers. Mrs. C. S. Shay, president, and Mrs. A. J. Samer, civil defense.

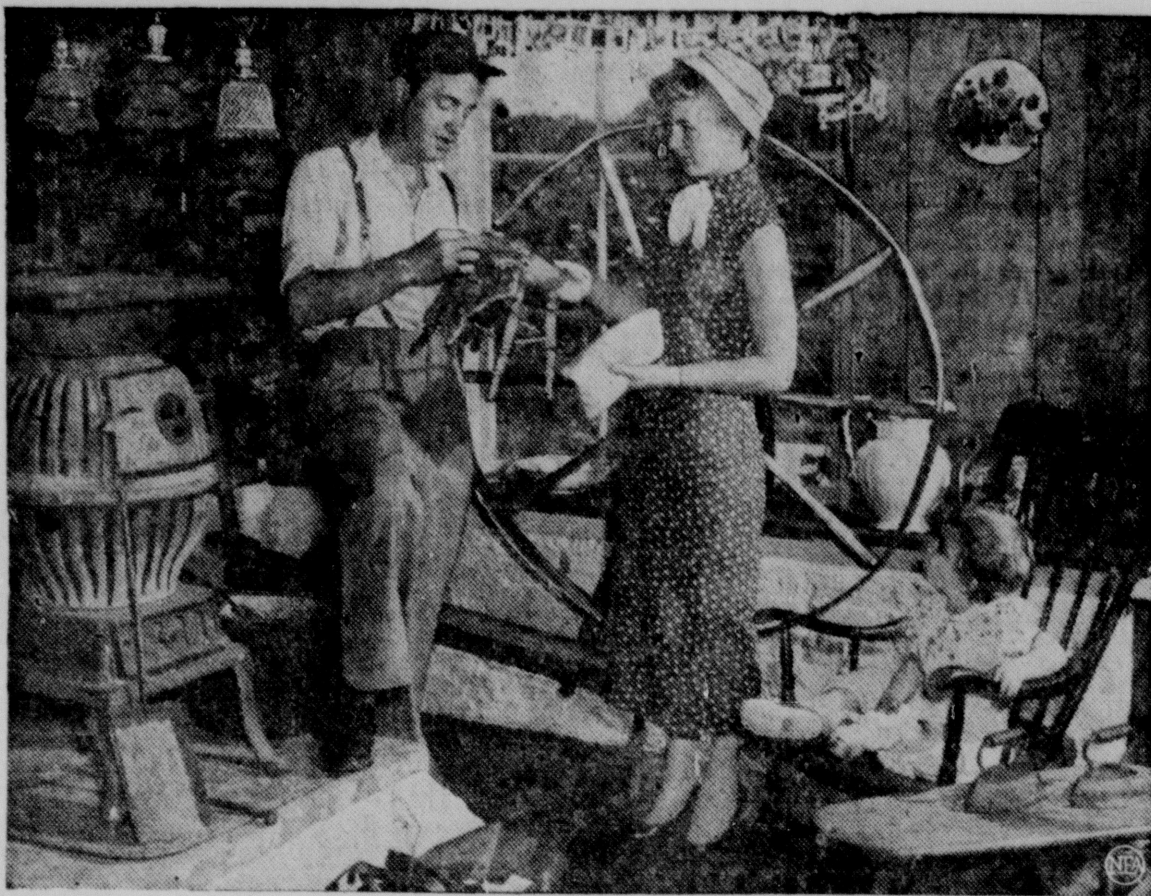

Mrs. Herman Ries appointed as the membership committee chairman Mrs. Arthur Schuster, Mrs. Charles Shay, Mrs. Ernest Walje, Mrs. Leo Bonen and Mrs. Willers.

Chairmen of the various committees are: Americanism, Mrs. Ewing Hurt; child welfare, Mrs. Ernest Walje; civil defense, Mrs. Walter Lang; community service, Mrs. Jim Phillips; Constitution and by-laws, Mrs. John Neckerman; education of war orphans, Mrs. J. H. Coleman; finance, Mrs. Frank Fable; Girls State, Mrs. Robert Painter; junior activities, Mrs. A. J. Samer; legislative, Miss Rosaline Stoecklein; music, Mrs. Les Chamberlin; publicity, Mrs. Charles Shay; rehabilitation, Mrs. E. J. Schilb; national security, Mrs. John Kempf; Pan-American, Mrs. John Gentry; past presidents parley, Mrs. L. H. Judy; and assistant, Mrs. W. W. Burger.

In charge of arrangements for the chicken supper which was served at 7:30 p.m. were Charles Shay, Les Chamberlin, Ed Ries, Mrs. Kempf, Mrs. Ries, Mrs. Schuster, Mrs. Walje, Mrs. Schneider and Mrs. Platt. The long serving table was centered with a golden bouquet of garden flowers flanked by tapers in crystal holders. Mrs. Charles Shay and Mrs. A. J. Samer, chairmen, used individual serving tables with white cloths and emblems of the auxiliary as decorations. Mrs. J. H. Coleman was receptionist and pianist.

The meeting was closed with prayer and "America".

An Antique Hunt Affords  
Pleasant Summer Diversion

By Kay Sherwood  
NEA Staff Writer

Bored and beat up by the summer heat? What those of us who are summer stay-at-homes need is a change of pace to revive our enthusiasm and spur the imagination. One of the pleasant and inexpensive ways to climb out of the daily routine rut for an hour or so is to go prospecting for treasures around your own countryside in the secondhand shops, the "antique" hideaways, the farm sales. (The pleasure for me is in having a purpose in a drive along the back roads in visiting with people I don't see every day and marveling at the incredible amount of good, bad and indifferent Americana stuffing such spots).

And who knows — maybe you'll

get so intrigued with old spoon canisters you'll find yourself launched on a collector's hobby.

Chatting with the proprietor of one of my favorite destinations on a hot summer's day, I picked up some tips to put more zest in the excursions.

My tipster was Charles Hartzell, Chicago actor-writer, whose farm is known as "Buttermilk Corners." Hartzell as a sideline buys and holds or old-fashioned kitchen sells all kinds of things from bugles to dry sinks and painted plates. The barns overlooking the green fields and a shady catalpa grove are loaded to the rafters with a conglomeration that draws

other short-term wanderers like me to poke around, converse and

## Election of Officers Held by Green Ridge Women's Association

The Presbyterian Women's Association of the Green Ridge Presbyterian Church held its regular monthly meeting Thursday, Sept. 8, all day at the church. The morning was spent in quilting and doing needlework. Miriam Circle members were hostesses and served the contributive dinner at noon.

A meeting of the executive board was held at 1:30 with the vice-president, Mrs. Earl Hinken, in charge. At 2 o'clock the group held its business meeting and program in the auditorium of the church, with Mrs. Hinken presiding. Mrs. C. H. Ward reported that Miriam and Martha Circles cleared \$84.06 on the dinner they served at the recent L. L. Ream sale.

The chairman of the nominating committee, Mrs. A. N. Baker, reported the same slate of officers for election for next year. They were unanimously elected. They are as follows: president, Mrs. A. M. Kendrick; vice-president, Mrs. Earl Hinken; secretary, Mrs. Glen Heck; treasurer, Mrs. Alvie Lett; program chairman, Mrs. Lewis Dunlap; fellowship chairman, Mrs. Mattie Myers; world service, Mrs. Edna Ryan.

Mrs. Lett reported that the Association received \$3 in prizes on its entries at the Missouri State Fair, which were a set of tea towels and articles that would make nice gifts. Mrs. Hinken led the group in the prayer service for missionaries on national and foreign fields. Mrs. L. H. Wadleigh was in charge of the program on "Communism". Those taking part in the program were, Mrs. W. M. Weller, Mrs. J. A. Gordon, Mrs. C. H. Ward, Mrs. Glen Morrow and Mrs. L. B. Shaw. Mrs. Wadleigh read the scripture lesson. The meeting closed with prayer. Esther Circle will meet on Thursday afternoon, Sept. 15 at Mrs. Wadleigh's home. Ruth Circle will meet on Sept. 15, at Mrs. Jim Stark's.

## Pilot Grove Guild Members in Election Of Two Officers

Mrs. Herman Ries, Pilot Grove, was hostess to the members of the Women's Guild of the Evangelical and Reformed Church in a recent all-day meeting. A contributive luncheon was served at noon. During the morning session Mrs. H. E. Muller gave a book report on "Man and God in the City."

During the afternoon business meeting conducted by the president, Mrs. Karl Bergman, an election of two officers was held: vice-president, Mrs. Katie Eichelberger, and treasurer, Mrs. Oscar Schupp. The members decided to revitalize the church pews and since the meeting this work has been finished with the aid of several men of the church. An offering was taken for the mission homes in Tiffin, O., and Lancaster, Pa.

Mrs. Henry Muller, spiritual life chairman, gave the devotional. The leader, Mrs. A. C. Mueller, used as her topic "The Hindu and His Daily Work." Assisting her were Mrs. Henry Mueller, Mrs. A. G. Mueller, Mrs. Herman Ries and Mrs. Carl Day, Jr. Following the program Mrs. Louis Schupp, Christian service chairman, held a dedication service for the world service kits. Ten kits were donated by the members, each kit containing clothing made for a mother and child.

Thirteen members and two guests were present. Mrs. Clarence Bergman and Mrs. Carl Day, Jr. Mrs. Bergman became a member. The meeting Oct. 7 will be with Mrs. Louis Schupp, and Mrs. Paul Meisenheimer will be the leader.

A nine-day wonder is something which causes a great sensation for a few days, then passes into the limbo of things forgotten.

## 'Dumbo' Due For Tonight's Disney Show

HOLLYWOOD, Sept. 14 (AP)—After finishing a lunch of stuffed pepper, spinach and stewed prunes, Walt Disney left the commissary, walked down Studio Street and climbed into his convertible.

Prodded by questions, Disney kept up a steady stream of conversation. He talked a great deal about his new TV season, which starts tonight with the filming of "Dumbo."

How can he afford to give away such a multimillion-dollar property to home audiences?

"That's a good question," he said. "You see, I wear many hats. When I have my TV producer's hat on, I fight like the dickens to get the films that the movie producer has made."

"My brother Roy and the other businessmen in the company figure out what we can afford to give up. I convinced them to give me 'Dumbo.' It is one of our shorter features—it runs 63 minutes—so it is not as easy to re-release as the others. And we can hold it a few years and bring it out for an entirely new generation."

This season he will also show two other features—"Robin Hood" and "The Sword and the Rose." Both star Richard Todd, "who should be much better known because of 'A Man Called Peter.'"

By using such completed films, he can afford to go over his budget on the other shows. For example, a Tomorrowland hour costs him \$250,000 or more. Two runnings on TV will bring him only half of that.

"We went a million dollars over budget last year," he disclosed. "Davy Crockett pulled us out. We made the films for \$700,000, while we could only get \$300,000 back from TV. But the theatrical showings will possibly gross a million and a half here, and there is considerable interest in Davy abroad."

"We also ended up with a star—Fess Parker."

This season he hopes Davy will again come to the rescue. He has sunk \$900,000 into two chapters—"The Great Keelboat Race" and "The River Pirates." Only \$250,000 can be realized from TV. Disney hopes the theater release here and abroad will make up the deficit.

On Oct. 3, Disney embarks on another TV adventure—The Mickey Mouse Club. It will be on ABC from 5 to 6 every week day. He accomplished the miracle of selling 15 million dollars worth of sponsorship without even making a pilot film.

Tomorrow: Disney visits Disneyland, tells of its first two months operation, plans for future.

## Cut in Defense Budget Considered as Answer To US Money Problems

DETROIT (AP)—Army spending—whether it will be trimmed to help the administration balance the national budget—was the subject of a private talk today between Secretary of Defense Wilsn and his Army secretary, Wilber M. Brucker.

Brucker and Gen. Maxwell Taylor, Army chief of staff, flew to Detroit to confer with the vacationing defense secretary at his home. It was expected they would seek to impress him with the importance of keeping the Army budget at roughly nine billion dollars—its share of the estimated 34-billion dollar defense budget for the current fiscal year.

The Army, as well as the Navy and Air Force, have shown concern over reports that the administration might cut Defense Department spending by a billion dollars in an effort to balance the budget.

Brucker told a news conference he expected the Army could reduce spending in its "housekeeping" or noncombatant branches but would not take lightly any cuts in the budget that would affect combat readiness.

"There is a point where economy stops and security starts," he said.

## Priest Honored As Conservation Worker

GREEN LAKE, Wis., (AP)—Msgr. G. Hildner of Villa Ridge, Mo., has received an honorary membership in the Soil Conservation Society of America in recognition of contributions to the soil conservation movement.

He received the award at the organization's 10th annual meeting here yesterday.

Msgr. Hildner was cited for his work in Franklin County, Missouri, in leading a movement to convert hillside farmers to grass rather than grain farming. Four other persons were granted honorary awards.

## Two Nabbed Siphoning Car of Police Chief

LAGUNA BEACH, Calif. (AP)—Police Chief Victor Stewart's police dog barked and Stewart saw two men siphoning gas from his auto.

Clad only in his pajamas, Stewart caught the men and was frisking them when a woman motorist stopped and asked if she could call the police. He said yes.

Officers who arrived helped the chief question the prisoners, who proved to be Camp Pendleton Marines who had two motorcycles but insufficient gasoline to get back to camp. They were turned over to the shore patrol.

## Republicans Attend Picnic At Smithton

Approximately 175 Pettis County Republicans met Monday night at the Smithton Park for a picnic supper with the Smithton Township No. 1, acting as hosts for the evening.

Invocation was given by Mrs. Herbert Seifert of the 4th Ward in Sedalia.

Hugh Jones, newly elected club president, conducted the business meeting and announced the Monticau County Republicans were having a covered dish dinner at the VFW Hall in California on Monday night, Sept. 19. An invitation to Pettis County Republicans to attend the meeting was extended by Miss Mary Hert, secretary of the State Federation of Women's Clubs.

Jones also announced the state-wide picnic to be held in Lee's Summit on Sept. 24. He then introduced Mrs. Olen Monsees, county vice-chairman. Then delegations from Hickory County and Saline County were introduced, as was Bill Crews, of the state committee. Crews spoke briefly on local, district and state problems and issues from the viewpoint of the state committee.

Attorney L. J. Harned, the recently elected county chairman, was then introduced and expressed his appreciation to the local club for the work they are doing in the interest of finances. He urged that they be given full cooperation by persons contacted.

Harned then introduced Perry Compton, chairman of the state committee, stating Pettis County was most honored to have the opportunity to get so early a report on the school of instructions which Compton attended. The school of instructions was held in Washington, D.C., and directed by the chairman of the National Republican committee, Leonard Hall, and other top level policy makers.

From Washington, along with 48 other state chairmen, Compton went to Denver for a conference with President Eisenhower, returning to Montgomery City Sunday. Compton stated he felt certain that out of these meetings would develop most potent strategy for 1956.

Compton also suggested, now is the time to get local political organizations in full-gear and commended the local leaders for the start being made. He also announced a school of training patterned after the one just held in Washington for county chairmen and their vice-chairmen in the immediate future, with others to follow.

In closing, Compton highly commended the women of the state federation for the fine job they did with the State Fair reception center for Republicans, stating it was an outstanding success. Mrs. L. C. Davis, Booneville, State Fair project chairman, was present at the meeting.

After the question and answer session the meeting was adjourned with benediction by L. E. Sheridan.

## State Patrol Finds Abandoned Stolen Car

A 1946 Ford coach which had been reported stolen from Jefferson City Monday night was found Tuesday on Highway 50 about a mile and a half west of Dresden in a ditch. The car was found by State Trooper Pete Stohr.

The car license registration was to George E. Montgomery, Columbia.

Apparently the thief or thieves who were driving the car tried to make a quick turn into a road which passed over the Missouri-Pacific railroad tracks. The left rear tire went flat and the car skidded sideways into the ditch.

The vehicle was towed to the Chamberlin garage, where it is being held for the owner.

## Spinster Lawyer Dies Leaving Large Estate

ST. LOUIS (AP)—A spinster lawyer who had no known relatives when she died left \$41,448 in cash and \$155,034 in securities and notes.

Public Administrator Thomas M. Braly said claims have been made by 30 first, second and third cousins, all living in Germany. They will share the estate.

Miss Bertina J. Bremer, 72, was found dead in her home May 16, 1952. The money and securities were found in a little safe in her home. There was no will.

## DAILY RECORD US Turncoat Tells Mother Will Return

ALDEN, Minn. (AP)—The mother of turncoat GI Pvt. Richard Tenneson said last night she received a letter from her son saying he will return home from Red China.

Mrs. Portia Howe, who said she received the letter with "mixed emotions," quoted her son's letter as saying, "It won't be long now."

The 22-year-old soldier was one of a score of American GIs who refused repatriation from Chinese Communist captivity at the end of the Korean War.

She said Tenneson's letter read in part: "I am coming back to the States, coming home, but my friend, the Army, will see to it that I don't get that far."

"It won't be long now. On Aug. 23 a representative of the Red Cross General Society came and guaranteed that it wouldn't be too long."

"My request was to leave China. I first asked (the Red Cross representative) to go to India, but it wasn't possible, then to go home. Judging from the world situation, I'll probably be going home."

Tenneson gave as a reason for leaving China "that certain weaknesses in my character make it very uncomfortable and impossible to stay."

He added in the letter: "Why I am coming back is indeed a big question. I am not entirely sure myself, but there is one thing for certain—no matter what I say, I'll get put away."

Mrs. Howe said she felt two different ways on reading the letter from her son. She said she felt "thankfulness to God that my prayers were being answered." And she said she spoke a prayer that "both of us would be given the wisdom and courage to face a trial if he has one, and to do it in a dignified manner."

She said she did not know what action the U.S. Army might take against Tenneson.

Mrs. Howe, who lives in this Southern Minnesota town with her husband and her twin son and daughter, Eben and Jan, said she didn't know what Tenneson meant by "certain weaknesses" in his character.

She said that she knew little about his current thinking since he hadn't seen him since before he was captured May 18, 1951 just south of the 38th Parallel in Korea.

**Curtailment of Oil Imports Introduced**

AUSTIN, Tex. (AP)—Senate Democratic Leader Lyndon B. Johnson has expressed gratification that Defense Mobilization Director Arthur S. Flemming is acting to curb oil imports. Flemming yesterday told 18 oil importers that the influx of foreign oil was getting out of hand and asked curtailment after Sept. 21. "It is obviously needed now," Sen. Johnson said, "and I hope he follows through in the event the situation is not resolved when his deadline arrives."

**Red China Calls For Higher Level Confab**

GENEVA (AP)—Red Chinese Ambassador Wang Ping-nan today proposed talks with the United States "at a higher level," presumably between Secretary of State Dulles and Premier-Foreign Minister Chou En-Lai.

The Chinese envoy also demanded removal of the Western trade embargo against the Peiping government.

## Kiwanis Club Program Features Talk by 4-H

The Kiwanis Club program Thursday noon in Bothwell Hotel will be presented by the agriculture committee. Three girls, Caroline Staley, Route 2, Martha Hammond, Star Route, and Virginia Grimes, Route 5, who were sent by the Kiwanis Club to the Junior 4-H Leadership Camp held in July at Lake of the Ozarks, will tell of their experiences.

Marion Gregory and Betty Jo Reid of Houstonia, winners in the 4-H Livestock Showmanship competition held at the Missouri State Fair Grounds on Aug. 13 will be introduced and presented with winning medallions. The group will be in charge of Miss Opal O'Brian, Pettis County home agent.

The program has been arranged by Leon Archias and H. L. Pack of the Agriculture Committee with I. H. Reed, program chairman.

## Admits Nonsupport, But Offers Reason

NEW ORLEANS (AP)—The man charged with nonsupport, stood before Judge Edwin Babyion in Municipal Court yesterday.

"Is it true," the judge asked, "that you haven't supported this woman for the past year?"

"It is, your honor," the man replied.

"And these children," the judge went on, "you haven't contributed anything to their support in the same period?"

"That is correct, your honor," "Do you have anything to say in your defense?" the judge asked.

"Nothing, your honor, except that I never saw any of them before."

A check of the docket showed the wrong defendant was being tried.

## Los Angeles Reported Hit by Minor Tremor

LOS ANGELES (AP)—An earthquake, apparently a minor local shock, shook parts of metropolitan Los Angeles today.

Police switchboards began getting numerous calls at 3:21 a.m. Desk officer Don Yowell of the Compton police department said: "I felt it, all right. There was a soft tremor and then a fairly sharp shock."

Reports came from southern parts of Los Angeles itself, Compton, Gardena, Lynwood, Bell, Huntington Park, South Gate and Inglewood, all southerly suburbs.

There were no reports of damage.

## US Trouble Shooter Slated to Meet Tito

WASHINGTON (AP)—Deputy Undersecretary Robert Murphy, one of the State Department's top trouble shooters, will fly to Belgrade within two weeks for talks with Marshal Tito and other high Yugoslav officials.

Murphy will review Yugoslavia's problems with United States economic aid and discuss East-West relations generally in the light of Yugoslav moves to improve ties with Russia.

Diplomatic officials said no crisis was connected with Murphy's trip. It will be simply a high-level exchange of views aimed at better understanding.

## Tinted Highways May Lead to Rome

ROME (AP)—Talk about your two-tone automobiles. Come next the tinted highways. The Abruzzi Asphalt Society has announced the road of the future could come in selected colors. Its chemists are experimenting with colored asphalt obtained as a leftover from the extraction of aluminum from bauxite rock.

It might come in variations of red, green, white, brown or yellow, the society said. Beside reducing highway glare, it might be good for telling drivers which way to go. For instance: follow the red road to Rome and the beige road to Naples.

## Show to Be Ladies' Page Of the Air

NEW YORK — The general plan of NBC radio's weekend Monitor program will be extended to weekdays beginning Nov. 7. What does this mean to radio listeners?

Monitor, an NBC innovation, is a 40-hour program service running from 8 a.m. Saturdays to midnight Sundays. It contains everything from one-line jokes to 20-minute special pickups, with—of course—plenty of music. To date its results "are favorable on most scores," says NBC President Sylvester L. Weaver Jr.

Now the network plans a new service, as yet unnamed but based on the concept of Monitor, to run from 10 a.m. to 6 p.m. Mondays through Fridays, beginning Nov. 7.

"The new daytime service," says Weaver, "will apply everything we know about radio usage by daytime audiences, and principally the housewife. Like Monitor it will be the pattern of continuous entertainment and information on a highly flexible basis. Also like Monitor it will provide enough service over enough time to make it distinctive and easily remembered."

"It will be unlike Monitor in content, pace and appeal, emphasizing entertainment, personal companionship and services, largely for in-home, and principally for women, as distinct from the Monitor emphasis on communications and coverage."

So, Ladies, you'll get dramas, serialized novels, short stories, music, and vignettes of humor and human interest. You'll get interviews and news commentaries. A new figure is coming to radio in the person of the "story-teller" who will do just what his title indicates.

The existing daytime soap operas will not be changed unless a sponsor drops out.

The biggest change will be a vast stepup in the "do-it-yourself" field. There will be great stress on self-help and self-improvement.

The whole plan is, in effect, like the women's section of your newspaper or a popular women's magazine.

## About Town

Mrs. D. H. Neiberger, her son, Wayne, and Donald Weise, returned home last week from a visit with another son of Mrs. Neiberger, Dixon, of Commerce, Okla.

Mr. and Mrs. Fred Neiberger of Sterling, Colo., left Sunday noon after a visit with Mr. Neiberger's brother and his wife, Mr. and Mrs. D. H. Neiberger, 1515 East Fifth.

Mr. and Mrs. Irwin Raut, 703 West Seventh, have had as their guests Mr. Raut's nephew, Mr. and Mrs. Earl Raut and son, Barry, of Covington, Ky. Earl is the son of Alfred Raut of Edwardsville, Ill., and lived for several years with Mr. and Mrs. Irwin Raut. He is now chief engineer for the Jergens Co. Barry is a student at the Miami University in Ohio.

Mr. and Mrs. C. S. Glasgow, 1603 West 20th, have returned from a two-week vacation trip in San Francisco, Calif., where they visited their son, Paul Glasgow, and family.

The business meeting was closed and turned over to the game and song leaders.

## Godfrey Accused Of Air Antics A Second Time

WASHINGTON — Arthur Godfrey, accused once again of an air safety infraction, says emphatically that he is innocent of any misbehavior.

The Civil Aeronautics Administration said it is investigating a formal complaint that Godfrey's plane passed "far too close" to an Ozark Airlines plane after taking off from Chicago's Midway Airport last Wednesday. Godfrey denied it.

"The only variation from customary flying practice in that incident near Chicago last Wednesday was that I dipped my wings in salute at the other plane," the radio and television entertainer told a reporter.

"As I passed him I rolled my wings back and forth the way we used to do in the old days as a greeting."

"There was absolutely no danger of a collision."

In a written complaint filed with the CAA, the pilot and copilot of the Ozark twin-engine DC3 said that a plane overtook them shortly after departure from the airport and made a left turn so close across their course that they had to reduce speed to avoid the plane's prop wash.

SCHOTT'S ALLEY TODAY: The Capitol beams on Congressmen.

THE ALLEY'S OLD LOOK: To Congressmen, a national disgrace

## Former Washington Slum Now Apartment District

By Kenneth O. Gilmore  
WASHINGTON — Infamous Schott's Alley now shines.

This once ugly slum, located within a stone's throw of the Capitol, is today one of the most desirable living sections in town. Among its occupants are several Republican Congressmen who think there is no finer place in Washington where you can rent an apartment.

They include Sens. Karl Mundt (R-SD) and Norris Cotton (R-NH) and Reps. Otto Krueger (R-ND) and E. Y. Berry (R-SD).

Yet as recently as two years ago, newspaper photos picturing this destitute slum with the dome of the Capitol rising in the background, were pointed to by legislators as a national disgrace. The dismal view also left the U. S. vulnerable to Communist propaganda charging that Americans had no decent housing.

For years there was talk about taking action to improve Schott's Alley. Little happened, however, until the National Engineering and Development Corp. of Florida bought the property in 1953.

Then the face-lifting job began. The run-down, filthy row houses were transformed into luxurious air-conditioned garden apartments with two, three or four bedrooms.

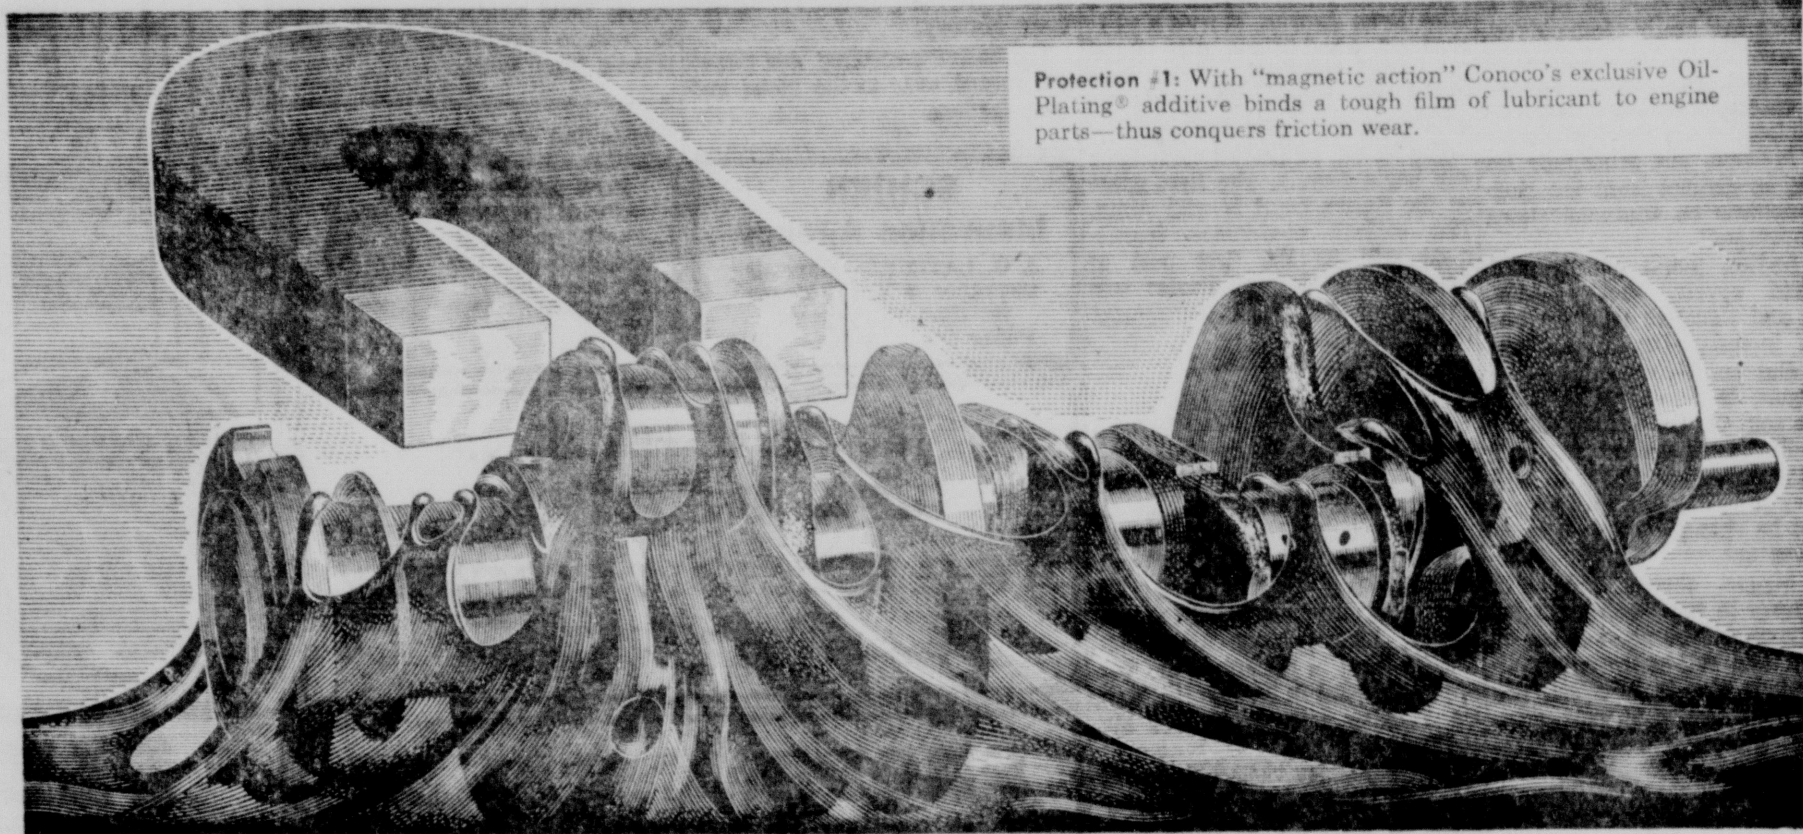

In front, the two-story brick row houses have New Orleans type iron grill work trim and doors of various colors. To the rear each unit faces out on a three-tiered flowered terrace bricked on top for sunbathing or early evening sitting.

The interiors of the apartments are strictly modern. They feature such conveniences as wall ovens, pastel painted refrigerators, reversible air-conditioning and heating units, and mercury light switches.

Recently completed, the renovation cost \$300,000. Already a group of wives who inhabit the development have formed an organization called the "Schott's Alley Civic Association." Its purpose is to encourage civic mindedness among the tenants.

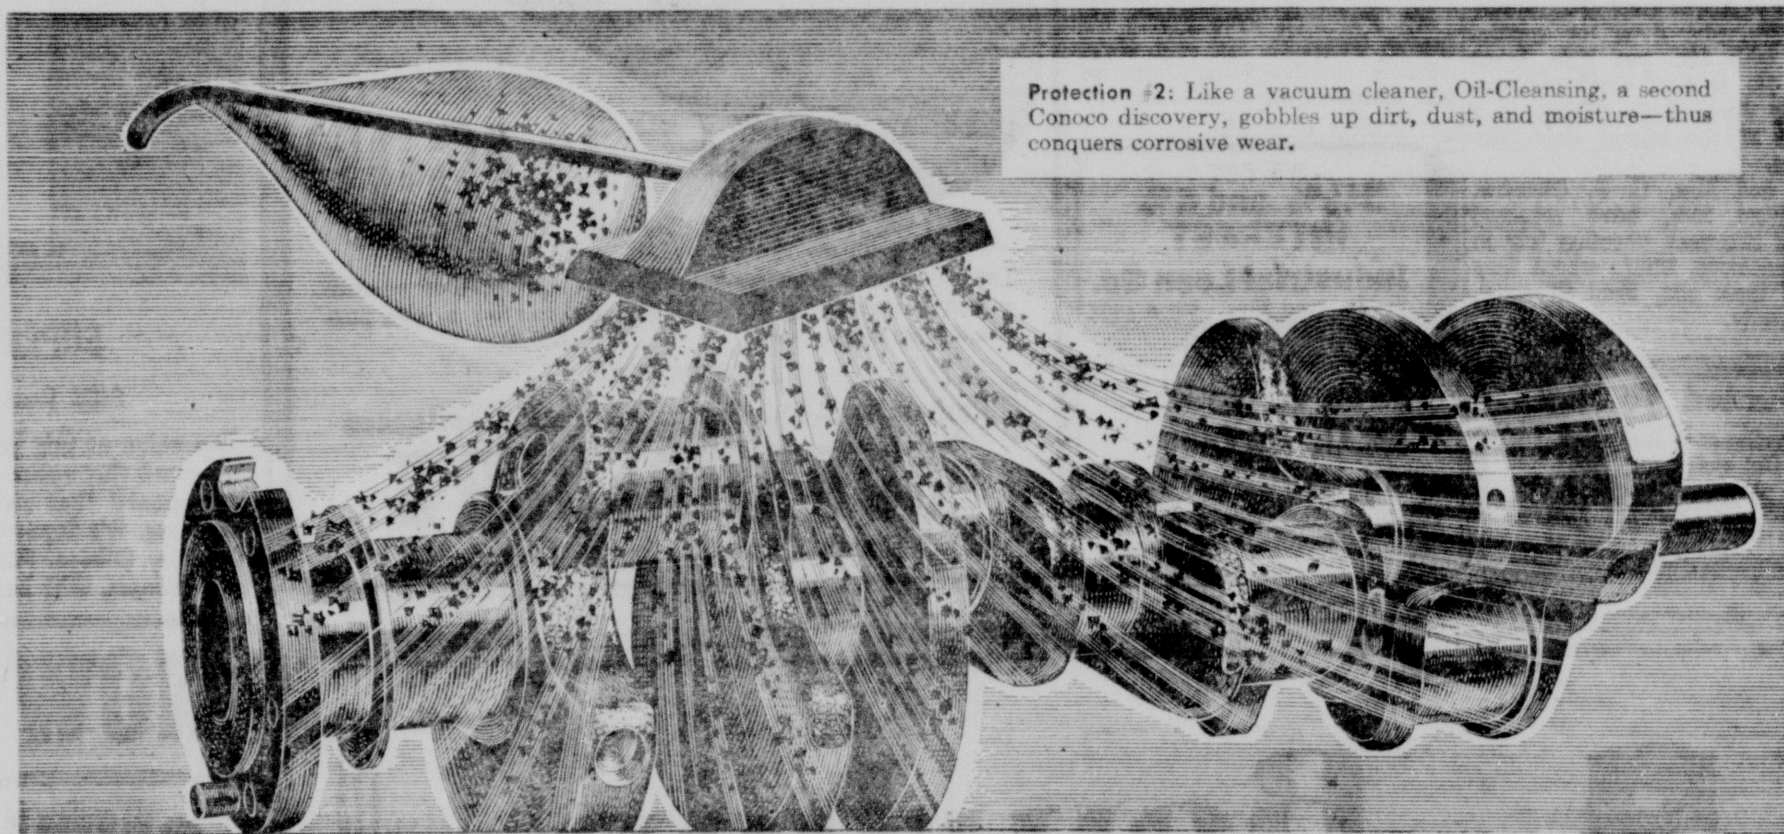

All this is in marked contrast to the time not long ago when the area housed families of 12 or

more crowded into single rooms, lice used to walk along this beat from ambush. no larger than 9 by 12 feet. Po in pairs to protect themselves. Practically the first persons to

## Educator Discusses Referendums

Marvin Shamberger, director of Research of the State Teachers Association, Columbia, gave an informative talk at the Optimist Club Tuesday noon on the proposed Referendums 1 and 2 that will be voted on in Missouri on Oct. 4.

The speaker explained that facts of the educational problems of this state had been gathered, studied and verified by the joint legislative education study committee set up by the 67th General Assembly and the previous Citizens Commission appointed two years earlier by the State Board of Education. After endless hours of study a program was produced and presented to the Legislature in January, 1955, and passed by the General Assembly. Two parts of the program are to be submitted to the voters, Shamberger said.

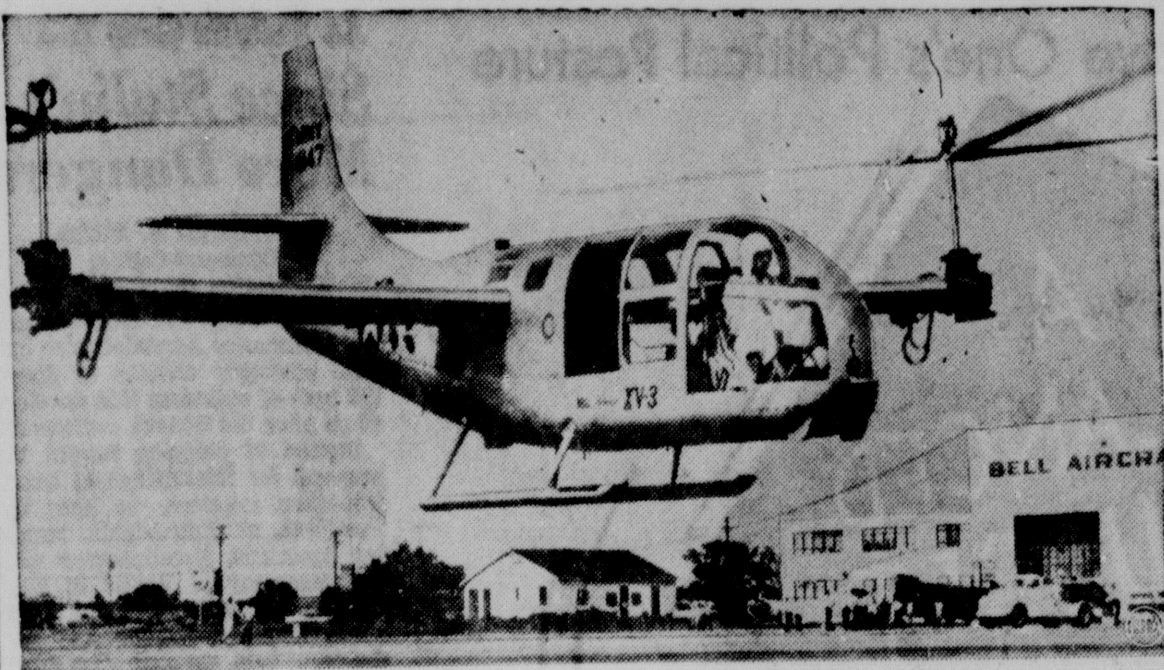

Referendum 2 will provide for better qualified teachers and will give teachers more of an incentive to prepare themselves as better teachers. For each teacher with 90-119 semester hours will receive \$100; teachers with 120-149 semester hours, \$200, and for those with 150 or more hours \$300. It will enable the General Assembly to make appropriations for public schools on a strictly budgetary basis and this local school districts will know how to budget their funds for the entire year. This part of the program is a factor that equalizes the finances and assures each district a uniform amount.

There will also be a change in the transportation under the provisions of House Bill No. 182 passed by the recent Legislature which will become effective when signed by the governor and upon the approval of the foundation program. The transportation aid would be based on distance pupils are transported and would range from \$3 to \$4 per month per pupil.

Compared to now, the speaker said, the program will be good and will provide for better education through distribution of funds based on enrollment.

To finance the new Foundation Program it is necessary to provide 18 1/2 million dollars more in school aid per year. An estimated 8 to 10 million dollars of this amount is expected to come from Referendum 1, the cigarette tax. The tax would be two cents on each pack of cigarettes. There is no cigarette tax in Missouri now and 41 of the other states have such a tax. These taxes range from 2 cents to 8 cents a pack. Shamberger said there would be a cigarette tax anyway soon, and it might better be designated for education.

The remainder of the finance program would be provided by the increase in the allotment of 37 1/2

### Clear Skies in Most Of Nation as Summer Temperatures Level

There were a few wet spots—in the South, Midwest and Pacific Northwest—but skies were clear in most of the nation today.

The hot weather persisted in the Far Southwest but pleasant late summer temperatures were in prospect for most other areas.

Thundershowers were reported this morning in Wisconsin. Lower Michigan and extreme northern Illinois. Rain fell in parts of the South Atlantic states and in the Pacific Northwest.

Warmer weather spread from the Southern Plains states northward across the middle Mississippi and Ohio Valleys to the Great Lakes region.

per cent of the general revenue instead of the 33 1/2 allowed last biennium.

The speaker said that this would mean about \$100,000 to Sedalia schools.

J. W. Watts, program chairman, presented Pinkney Miller of Smith-Cotton High School, who introduced the speaker.

Invocation was given by the Rev. Robert Reinhardt and Charles Hanna led the group singing, with Mrs. J. W. Watts as accompanist.

The meeting was presided over by Charles Hurt, president.

Guests introduced were Walter Schmidle, Bob Collins, president of the Optimist Club of Marshall, Dr. H. U. Hunt, superintendent of schools, Forrest Benner, vice-president of the school board, and Harry Brounger, secretary of the school board.

The speaker next week will be Ralph Dow, Jr., coach at Smith-Cotton High School.

## DAILY RECORD

### Police Court

Florentine Fuentez, 39, Georgetown, charged with driving a car while intoxicated, failed to appear in police court and his \$75 cash bond was ordered forfeited.

Ollie Burton, 1805 South Carr, charged with not having his license sticker displayed on his automobile, forfeited a \$2 cash bond.

Bryant Motor Co., Second and Kentucky, forfeited a \$2 cash bond for parking contrary to a legal sign.

A-1c Ralph Hill, Sedalia Air Force Base, charged with speeding 65 miles per hour from Park to Limit on Main, forfeited a \$65 cash bond.

Four overtime parkers forfeited cash bonds of \$1 each and 32 others paid the 25-cent fee.

### Police Reports

J. W. Kirkpatrick, Ottumville, reported to the police the loss of his car license plate No. 236-948.

W. D. Crawford, Independence, reported to the police the theft of a suitcase from his car which contained two new white shirts, cuff links, shaving kit, two pairs of blue socks, under shirts and shorts, handkerchiefs, pair blue pants, a brown work shirt and a pair of shoes.

His car was parked in front of the Ford garage on East Third when the theft occurred.

A report was received from Sheriff White, Warsaw, of the theft

of a yellow motorbike stolen there Tuesday.

### In Other Courts

Ellen Marie Wolbert, Kansas City, picked up in Sedalia last week on a charge of careless and reckless driving for Johnson County authorities, was fined \$150 by Magistrate John H. Mittendorf in Warrensburg.

The woman was picked up at Main and Osage by Sgt. E. W. Van Winkle and local police last week and turned over to Sheriff Alex Nichols.

She appeared before Judge Mittendorf and pleaded guilty to the charge. She was charged with driving in a careless and reckless manner on Highway 50 on Sept. 7. She was given to Oct. 29 to pay

Walter Gillum, 39, Negro, 300 West Morgan, charged with improper operation of a motor vehicle, was fined \$25 and sentenced to five days in the Johnson County jail by Magistrate John H. Mittendorf in Warrensburg. Gillum pleaded guilty to the charge.

Previously Gillum had been granted 16 postponements of his hearing. He was arrested after a complaint had been filed against him for operating the motor vehicle improperly on Highway 50, April 13.

Leonard Curtis of Sedalia was the complaining witness.

The first 15 postponements were requested by Gillum's attorney, and the 16th on request of Prosecuting Attorney William J. Hensley until he could contact Mr. Curtis.

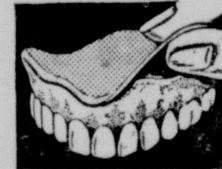

Gillum was picked up in Sedalia by local police after a warrant had been issued for his arrest by Magistrate Mittendorf, for failure to appear.

Two suits asking damages totaling \$10,300 were filed in Johnson County circuit court by J. W. Hamilton and James A. Starling of Warrensburg against William Collins and Walter Hillis of the Sedalia Air Force Base, for alleged injuries received in an accident on Sept. 7 one-half mile west of Knob Noster on Highway 50 involving cars containing the two separate parties.

In his petition Hamilton asks \$5,000 for alleged injuries, and

## Foundation School Program

There seems to be developing sentiment in this area favorable to Referendum No. 2, the School Foundation program, which will be voted upon at a special election Tuesday, October 4. This program was explained with conciseness to Sedalia school teachers, school officials from this and adjoining districts, and parents and teachers by Bernard H. Voges, of the State Board of Education, at a meeting in Smith-Cotton High School.

This school program is designed to guarantee every child in the state at least a minimum program of education. It would replace the present state plan adopted in 1931. Funds under the new program would be related to the number of pupils rather than teaching units. It was developed by the Joint Legislative Study Committee which was created by the 67th General Assembly to study schools and make recommendations.

Many state-wide organizations have and are endorsing the foundation program the major advantages of which include: provision for an improved and expanded educational program; removal of an excuse for federal aid which would be more costly and would lead to federal controls of schools; provision for more effective use of school monies; encouragement of reorganization and consolidation of Missouri's 4,000 school districts into larger, more efficient units; improve salaries and give incentive for employment of better qualified teachers; place emphasis on more equal educational opportunity in all school districts; encourage use of orderly budget procedures by law in allotting state aid.

The foundation plan would provide a minimum of at least \$185 per year for each pupil from a combination of state and local sources. First of three parts of the plan calls for an equalization grant. In districts in which a local tax of \$1.00 per \$100 assessed valuation and other local receipts will not yield as much as \$110 per pupil, the state will make up the difference between the local money and \$110 for each pupil.

Secondly, a flat grant of \$75 per pupil will be given by the state to every district in the state. This flat grant, added to the \$110 per pupil which would be provided by the equalization grant in the less wealthy districts, assures a minimum of \$185 per pupil in these districts along with the other districts of the state. In those districts in which a \$1.00 levy and other local receipts produce more than \$110 per pupil and in those districts which levy more than \$1.00 per \$100 valuation, programs costing in excess of \$185 per pupil can be provided.

Thirdly, there is an incentive grant to encourage districts to employ better qualified teachers. Under this phase each district will receive state grants on the college preparation of its teachers as follows: for each teacher with 90-119 semester hours, \$100; for each teacher with 120-149 semester hours, \$200; for each teacher with 150 or more semester hours, \$300.

If the program is adopted, an expanded plan of state aid for transportation of school children will also become effective. Other aids for free text books, teacher training, exceptional children and special building aids will be continued as provided under existing statutes.

At the same election there will be provisions to vote on Referendum No. 1, a proposal to levy a tax of two cents per package of cigarettes. This would yield an estimated \$9 million a year, all of which would go to school aid.

Organized opposition to Referendum No. 1 is developing which if successful may hamper full effectiveness of the School Foundation program in event it passed and the cigarette tax did not.

Considerable support by such agencies as the Missouri Public Expenditures Survey, which usually opposes rather than approves proposed tax increases, gives impetus to the campaign to obtain voter approval of both the cigarette tax and the foundation program.

### Washington Merry-Go-Round—

## Proposed Land Grab Would Enrich Few

(EDITOR'S NOTE — While Drew Pearson is on a brief vacation his column is being written by members of his staff.)

By Jack Anderson

WASHINGTON — A gigantic land grab, that would make the Oklahoma land rush look like a penny ante real-estate deal, is in the works. Catch is that a few insiders may get first grab at the fabulous prize — 10,000,000 acres of oil-rich farmland.

Located mostly in Montana, Wyoming and the Dakotas, the land was bought by Uncle Sam as a relief measure during the dust-bowl days. The idea now is to turn all the arable acreage back to private ownership, which seems like a worthy enough plan.

However, Texas Congressman W. R. Poage has rigged the deal to enrich a few fellow Texans. He drafted a bill that not only would give his friends first priority but would turn over oil rights to them. This is significant, since thousands of dust-bowl acres lie on the oil-soaking Williston basin.

The way Poage worded his bill, preference in purchasing the land would go not to the farmers who originally owned it but to those whose land was expropriated by the government during World War II. This is verbal camouflage to benefit Poage's Texas friends, who happened to sell ranchland to the army after Pearl Harbor.

The Poage bill would also force the sale of oil rights along with the land, thus robbing the taxpayers of juicy royalties. Uncle Sam also couldn't keep any arable land, though in some

cases retention might be desirable to prevent dust-bowl conditions from returning.

This tremendous Poage giveaway is already on its way toward becoming law. The Texas congressman slipped it through the House agriculture committee, unnoticed and uncontested, during the closing hectic minutes of the recent session of Congress. Conscientious Secretary of Agriculture Ezra Benson is now wise to Poage, however, and will fight the bill next session.

### Washington Whispers

The political romance between ex-President Harry Truman and would-be president, Adlai Stevenson, has definitely cooled off. This was the word that seeped out of a secret huddle in Indiana between Truman, Democratic National Chairman Paul Butler and ex-Chairman Frank McKinney.

The consensus was that Adlai lacked the mass appeal to win the White House.

Pan American Airways doesn't miss a trick in the Washington game of winning friends and influencing policy. Latest: Pan Am has just given a plush job to the President's favorite nephew, Milt Eisenhower, Jr. . . . The Navy will build an unneeded \$1,700,000 supply depot at Byron, Ga. The main purpose: to appease Congress' two-armed services chairmen, Sen. Dick Russell and Rep. Carl Vinson, both of Georgia. . . . The National Press Club has stumbled into the middle of the Egyptian-Israeli ruckus. The Egyptian ambassador wanted to present an imprint of a Cairo newspaper to decorate the press club wall. New York news ace Frank Holeman, a press club wheel, innocently accepted. Now it turns out there are no foreign papers on the club's newsy walls. To make an exception of Egypt might offend other countries, particularly Israel.

### Guaranteed Annual Profit

American Telephone and Telegraph, the giant telephone octopus, is about to get a guaranteed annual profit that will cost the taxpayers a staggering \$240,000,000 a year.

This generous arrangement has been offered by the Air Force, which wants to modernize its air-defense communications so radar outposts can flash reports of unidentified planes automatically to the control center. But instead of stretching its own communications lines, the Air Force will lease lines from A. T. & T.

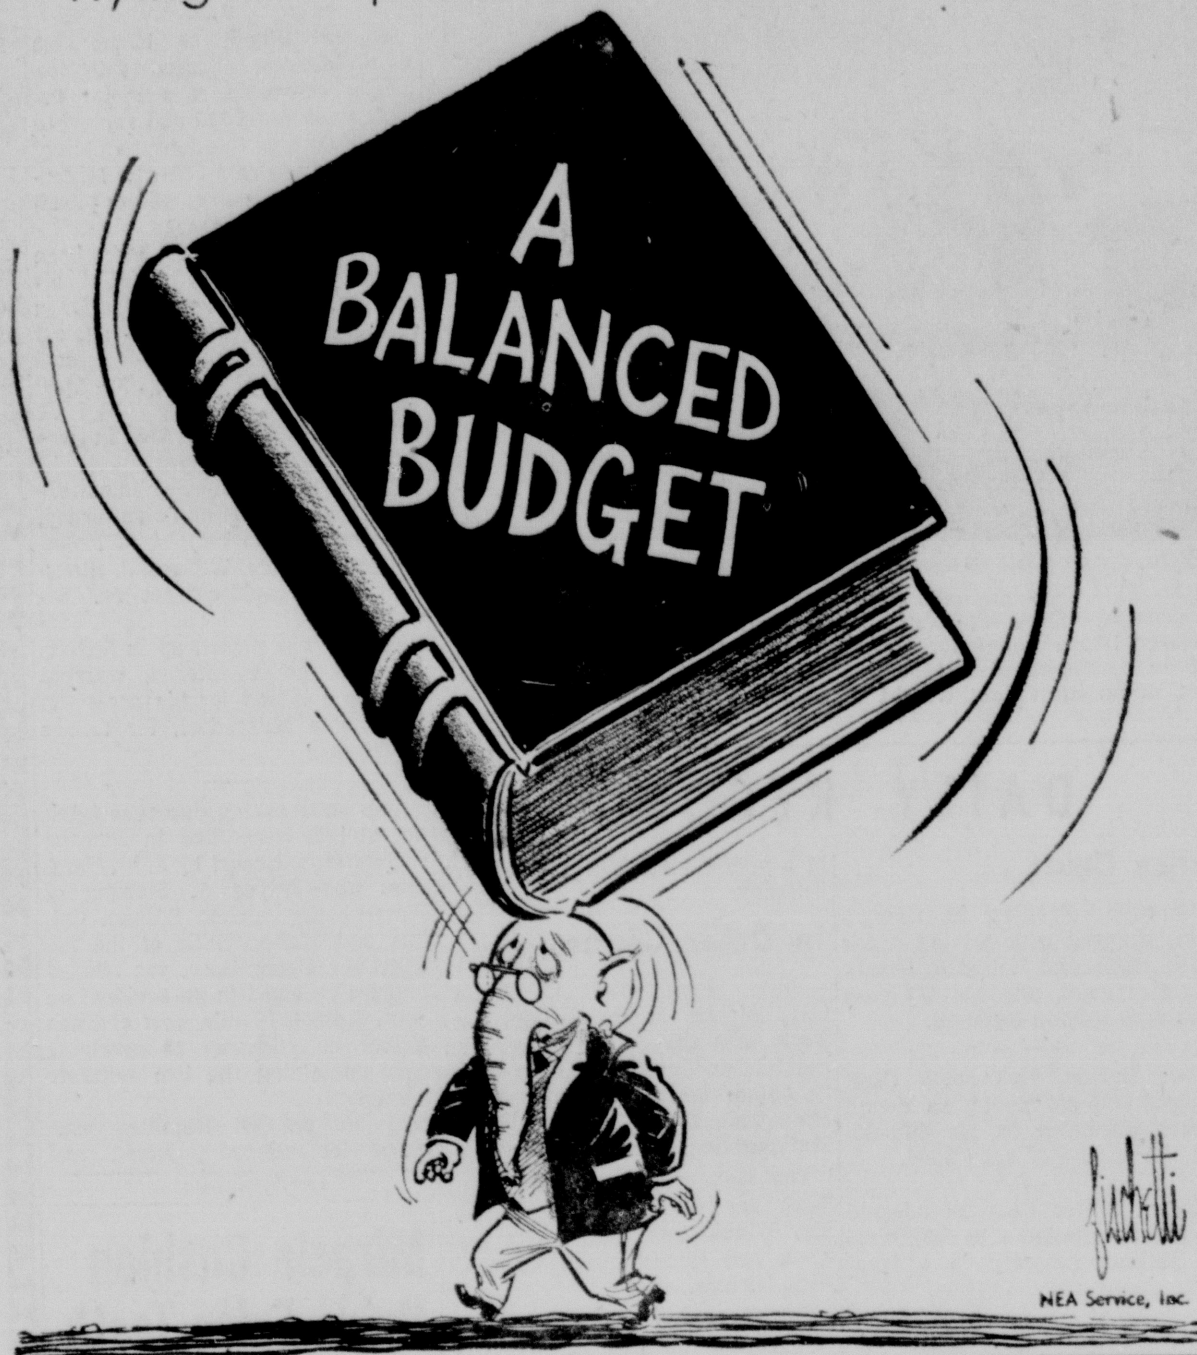

The deal calls for the Air Force to sign a 10-year lease, which will enable A. T. & T. to install the new equipment at a guaranteed profit. This air-defense network, or Sage System, as it is called, will run up a telephone bill "as high as \$240,000,000 annually," according to a confidential Air Force estimate. A. T. & T. is milking the most out of the deal by basing the charges on local telephone rates, which are higher than federally regulated interstate rates.

NOTE — A. T. & T. is also taking over the telephone systems at military posts and national parks, now that these systems are operating at a profit. The company is dickering, too, to buy the Civil Aeronautics Administration's communications network and sell the service back to the government.

The World Today—

## Communists Try New Twist to Save Party

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON —The American Communist party has put a new twist into its five-year fight for life.

It gave a number of reasons for asking the Supreme Court yesterday to save it from having to admit it is a Russian agent. This one stood out:

Things are different now, after the Geneva conference. This may be less than persuasive with the nine justices who are supposed to base their decisions on law and not on international mood, real or imagined.

But other parts of the party's plea — its constitutional reasons — may be persuasive. It is not certain the court will uphold the government in this case. This is the case:

In September 1950, Congress passed the Internal Security Act, whose purpose was to crush the Communist party in this country. The act didn't say anything about killing the party outright or forbidding its existence.

What the law said in effect was that if the party could be proved a tool of Moscow, a part of an international Communist conspiracy, it should have to admit being a tool by registering as such with the government.

Theoretically, that would let the party continue to exist. The effect, though, would be to kill it, at least under the Communist party name. No one doubts it would go on, even though badly crippled, underground.

Under the 1950 law the Subversive Activities Control Board was created to rule on complaints that organizations are subversive. It gave the Communist party a hearing to determine whether it was a Russian agent, and ruled that it was.

That meant the party had to register unless the U.S. courts ruled otherwise by declaring the law unconstitutional. The party appealed to the Federal Court of Appeals. It lost there.

Then it made its final appeal — to the Supreme Court. Yesterday through its lawyers the party filed its written arguments with the court whose justices are still on vacation. They'll get copies of the appeal by mail.

When they return this fall the justices will hear the party and government lawyers in oral arguments in open court. The justices will probably hand down their decision sometime in 1956.

The party argued the 1950 law was "spawmed" at a time of intense public feeling against Communists — the Korean War started in June 1950 — and violated the Constitution's Bill of Rights and civil liberties in general.

The party argued further: If the court upholds the constitutionality of the law and the SACB's registration decision, it would be doing so at a time when

the mood of Korea has given way to the mood of Geneva.

Then the petition to the court said:

"The President has stated, on the basis of his experience at Geneva, that Soviet leaders are as sincere as he in their desire for peace. . . . This perspective of the peaceful coexistence of the two systems is incompatible with the premise of the act."

The petition was referring to that part of the law which said American Communists, working for Moscow, are awaiting a chance to overthrow this government.

## As Sedalia Sees It— Since Stalin's Death Russia More Dangerous Antagonist

By JOSEPH A. DEAR  
Democrat-Capital  
Washington Correspondent

WASHINGTON—In recent weeks the Eisenhower Administration has been obviously anxious to dispel the haze of optimism that enveloped us after the Geneva conference.

Instead of plugging toward his proposal for interchange of aerial inspection missions, we hear the President, at Philadelphia, restating American dissatisfaction with the hegemony of Russia in East Europe. Instead of more bludge about Marshall Zuhov and Ike, the great pals, we hear Vice President Nixon speaking in gloomy tone. And from Europe, Senator Alexander Wiley of Wisconsin, ranking Republican on the Foreign Relations Committee, warns that Soviet smiles are most dangerous.

True, the impact of these words is somewhat reduced by reports that the Administration is considering a \$2.7 billion cutback in defense spending. But this is not as contradictory as might seem at first glance. The Administration is still fairly optimistic about the international scene. There has been no flip-flop, merely a shift in emphasis. Mild optimism is permissible, but nothing more.

All this is probably for the best. For Russia, according to the experts, has become a much more dangerous antagonist since Stalin's death. Not because of its military machine, but because its diplomacy has improved.

It is difficult to point to any major diplomatic blunder by the Soviets in the past few years. But when Stalin ran the Kremlin, Soviet diplomacy was often so bad that it was self-defeating. It is surprising that Stalin got off so lightly considering the multiplicity and magnitude of his miscalculations.

He certainly could have killed the Marshall Plan. And with one word: Yes, United States had offered to help finance the economic reconstruction of Europe. Russia, and its captive nations, were invited to participate in the project. Russia declined. But if Stalin had said "yes," Congress would surely have rejected the Plan. It is even to be doubted that Congress would have approved had Russia permitted Czechoslovakia to participate.

What an opportunity Stalin lost there. Without the Marshall Plan Communism might have toppled the governments of some Western European nations. But this was a typical performance.

He was equally blind to other golden opportunities. A few years before the great depression, Stalin solemnly said that the Capitalist nations had achieved a prosperous stability which would preclude the possibility of successful revolutionary activity for a long, long time. Even if this pronouncement — it was delivered during a debate on farm policy — was inspired by domestic politics, it still does not reflect credit on its author.

Even more egregious were Stalin's German boners. About 1923

Germany was struck by economically paralyzing inflation. That was the time the German Communists had their best chance. Yet Stalin threw his weight against intervention, and a priceless opportunity slipped away.

Stalin did not always oppose intervention. It was he who was chiefly responsible for the support Russia lent Chiang Kai Shek. The Communist theories argued against him. And later his reputation was tarnished when Chiang made his deal with the financial interests in Shanghai and turned on his Red partners. (Incidentally, Chiang's son, the heir apparent on Formosa, is Moscow trained.)

Stalin never realized how dangerous the Nazis were until they were firmly established in power. Hitler's rise by forcing the German Reds to spurn any alliance with the Social Democrats. He thereby assured a split in the German Labor movement which was all to the advantage of the Nazis.

And finally, Stalin embraced the Nazis. The futility of his cynical diplomacy was demonstrated when Germany attacked Russia. Churchill, Stalin's great contemporary, had recognized the menace of Nazism from the first. And in his post-war writings, Churchill mocked the Russian tyrant for his blindness.

There is considerable evidence to support the theory that Stalin never exploited International Communism for what it was worth. During the early days of his rule, he insisted on the policy of socialism in one country. This was one of the points at issue between Stalin and Trotsky. (Trotsky's Socialist Worker's Party, which has been defended as non-Communist, is in one respect purer than the original. Trotsky always put his money on the international communist movement, which Stalin did not.)

The friction developed by this issue, and others, induced Stalin to capture control of the machinery of the international communism. But he probably was motivated more by the desire to protect himself from a counter-revolution at home than to direct the incitements of revolt abroad. For at the beginning of his regime, the voices of non-Russia Communist leaders had authority in Russia itself. In short, Stalin usually seemed ready to sacrifice international communism to entrench himself more solidly in the Kremlin. Of course the domestic pressures which prompted this expedient policy faded toward the end of his regime; by then most his enemies were dead.

That's only part of the record. There are other chapters: that failure of his effort to form a compact between British and Russian trade unions; his ineffective intervention in the Spanish Civil war; his seeming inability to appreciate the strength of the Chinese Communists; and so on. Clearly his successors have an easy mark to top. And if Russia was formidable in spite of Stalin's blunders, is it not more so now?

### Hal Boyle's Column--- Why Not Let Russia And The US Disarm Each Other?

By HAL BOYLE

NEW YORK (AP) — The Pavement Plato writes an open letter to President Eisenhower and Soviet Premier Bulganin:

Both you gentlemen would like to end the worldwide arms race. Well, I've figured out a new and disarmingly simple way to achieve disarmament.

You let Russia disarm the United States, and the United States disarm Russia.

Wait now! don't throw away this letter unread. The idea isn't quite as weird as it sounds.

Let me illustrate my disarmament theory with a story:

Once upon a time a poor Texas oil man, who had sent his air-conditioned Cadillac into town to have a dented gold fender replaced, sought to buy a horse on which he could carry his day's earnings from his ranch to the nearest bank.

As prosperity had caused the elderly Texan to lose his boyhood skill in the saddle, he wanted the safest, tidiest, slowest horse he could find.

Two Indians, Bearhead and Eaglefoot, showed up with mounts for sale. Each swore by the Great White Father that his horse was the slowest thing since Pegasus wore pinfeathers.

Now which Indian was telling the truth? The wily old oil man, trusting neither, thought and thought, finally said:

"The only way to find the slower horse is to have a race, boys. But

# Moore's Jibes Sharpen Up The Rock For Second Title Scrap Held This Year

Rocky Marciano

GROSSINGER, N. Y. (AP)—Heavyweight champion Rocky Marciano, not a man to bandy words around like he handles his sparring partners, allowed today as how he is in the best shape of his career.

Therefore, he said before entering the ring for a three-round sparring session, he intends to start out fast against Archie Moore next Tuesday when he defends his title at New York's Yankee Stadium.

"I feel as though everything is working out perfectly for this fight," said the champion. "I feel better than ever before. Sometimes, for other fights I wouldn't feel just right but things would work out all right anyhow."

"I plan to start real fast. Not like the first fight I had with Ezzard Charles when I didn't get untracked until the sixth, not like the Don Cockell fight when I took much too long to get going. I'm going to do the equivalent of five rounds of boxing in the stadium dressing room before the bell."

The Rock said he wouldn't be at all surprised if Moore tried for an early knockout because he is supposed to be a slow starter.

"But that doesn't worry me," said Marciano. "I've only seen him four times. I saw him on television twice against Joey Maxim and once against Bobo Olson. And we have the film of his fight with Harold Johnson last year. But I didn't learn anything from that because Johnson and I don't fight anything alike."

"I was impressed with Moore in two of them—against Maxim in Florida and against Olson. He comes closest to Walcott in style and punching power. Charles is a better boxer and more clever. But Moore knows all the punches and how to use them. From what I've seen he has the best left jab since Joe Louis."

## Nino Valdes Clamors For Title Bout

LONDON (AP)—Big Nino Valdes of Cuba today began clamoring in earnest for a chance at the heavyweight title.

"I've waited long enough for a go at Rocky Marciano," he said, "but maybe my victory over Don Cockell will convince everyone I deserve a chance at the championship. If Cockell got one, I certainly earned it."

Valdes stopped Cockell after the third round in a scheduled 10 last night. The pudgy Englishman's handlers called on the referee to halt the fight. When Cockell staggered to his corner after the third, he was gushing blood from a cut on the forehead.

Valdes knocked down Cockell, who was put away by Marciano earlier in the year, for a count of eight in the third round with a short left and a cross to the face. Cockell came back with a left to the face when he got on his feet, but Valdes, with a reach advantage of 10 inches, merely shook it off.

"I knew Cockell would attack from the start," said Valdes. "So my plan was to get the range of him in the first round. After that I went to work on him."

"My policy from now is to be a killer. Unless I finish my man off decisively, no one ever will believe I can be champion."

Valdes weighed 207, Cockell 216. Only 2441 of the 7083 islands in the Philippine group have been named.

### Lopez Warns Indians About Overconfidence, Not Yanks

The Associated Press  
"Manager Al Lopez gave it to his Cleveland Indians straight today: It's overconfidence, not the New York Yankees, they have to watch in their bid for a second straight American League pennant."

The Tribe junked its jinx last night, sweeping a two-night pair from the pesky Washington Senators 3-1 and 8-2 and moving out to a two-game lead over the Yankees. But instead of whoopin' it up, Lopez warned that "we've still got a long way to go."

Just 24 hours before, Lopez had said, "we'll be in an excellent position to win the pennant" if the Indians could beat the Senators. Now you get the idea Lopez knows Cleveland has won it—the big worry is not to lose it.

The Yanks, who flattened Detroit 6-0 yesterday, still are a game shy on the lost side with 11 games left. Cleveland has nine to play.

Chicago and Boston practically fell by the wayside yesterday. The third-place White Sox had to rally for six runs in the ninth to salvage a two-night split at Baltimore, winning 9-6 after a 2-0 defeat. They're 4½ back now.

Boston, losing a 12-inning opener to Kansas City 6-5, rallied to win the nightcap 7-6. That left the Red Sox seven games back.

The Indians, winning 13 of the last 16, thumped the Senators on a pair of six-hitters by Mike Garcia and Bob Lemon. Garcia won his 11th in the opener, snapping Washington's five-game streak against the Tribe. Gene Woodling, the ex-Yank, tripled home two runs and scored the third on Bobby Avila's sacrifice fly in a big third inning against loser Chuck Stobbs.

Larry Doby batted in four runs. The Senators, who had whipped Cleveland in 12 of 19 games this year, kicked in three errors as Lemon hung up his 18th victory in the nightcap. The first three hits off the big right-hander were triples—but produced just one run.

Ray Narleski relieved Lemon after eight innings. The Yankees used an error by Fred Hatfield, a walk, two singles and Elston Howard's two-run triple to chase young Bob Miller and beat the Tigers with four runs in the fourth. Hank Bauer made his 18th homer a two-run shot in the fifth off reliever Steve Gromek.

Bob Turley won his 16th, and third straight, for the Yanks. He gave five hits—only one in the last five frames—for his second straight shutout and sixth of the year.

Three walks, two singles, a sacrifice fly, a wild pitch and Bob Nieman's triple fashioned Chicago's six-run ninth. The last-place Orioles had led on Jim Dyck's grand-slam homer off Jack Harshman in the first inning. In the first game, Ray Moore blanked the Sox of six hits, while the Orioles made the most of four walks and six hits to beat Virgil Trucks.

Vic Power singled home the winning run in the 12th off Ellis Kinder in the first game at Boston. Kinder, Boston's relief ace, lost his third straight, Jimmy Piersall

and Faye Throneberry each swatted two-run homers to pull the Sox from behind in the nightcap.

St. Louis handed Brooklyn's National League champions a third straight defeat 3-2. The Cards clouted 11 hits off Karl Spooner and four relievers.

Johnny Antonelli won his 13th and drove home four runs with two singles, a double and a home run as the New York Giants peppered Milwaukee 9-1.

Philadelphia smacked Chicago for 15 hits, beating the Cubs 10-0, and Pittsburgh knocked off Cincinnati 5-2.

Archie Moore

NORTH ADAMS, Mass. (AP)—Listen to the optimistic outbursts at Archie Moore's training camp for a while and you wonder why Rocky Marciano will bother to step into the Yankee Stadium ring next Tuesday to defend his heavyweight crown.

"Archie will take care of him in five or six rounds," said Manager Charley Johnston.

"In my book," said Johnston, "Archie should be the 13 to 5 favorite, not Marciano. What are they making Marciano the favorite on? The Don Cockell fight? Ezzard Charles? Jersey Joe Walcott? Is it because he's supposed to be such a puncher?"

"Well, Marciano must have hit Cockell about 300 punches and it took him nine rounds to catch up to him. You saw what Nino Valdes did to Cockell and Moore beat Valdes. Where's the one punch knockout power Marciano is supposed to have? Archie will jab him silly, bust him up and knock him out in five or six rounds."

Second Bertie Briscoe and trainer "Cheerful" Norman agree with Johnston.

Norman, who is closest to the deep-thinking Moore, expressed satisfaction over Moore's edginess. Archie is beginning to snap at the newspapermen pouring in from all over to cover the final sessions of the workouts.

"That's a good sign," said Norman. "I like to see him mean and edgy. That means he's reaching his peak. We got to keep him that way, let him take it out on Rocky."

## Rose Bowl Parade Set With Sixty-Two Floats

PASADENA, Calif. (AP)—Sixty-two floats will compete in the 1956 Tournament of Roses parade next Jan. 2, the Parade Entry Committee announced today.

The parade, traditionally held the morning of the Rose Bowl game, will have as its theme, "Pages From the Ages." Floats will depict such themes as Davy Crockett, Circus Days, The Ten Commandments, Easter Parade, Show Boat, Olympic Games and Cinderella.

Among the out-of-state entries will be St. Louis, Mo.; Little Rock, Ark.; Pasadena, Tex.; Portland, Ore.; and San Antonio, Tex.

Because Jan. 1 falls on Sunday, the game and parade will be held Jan. 2.

## Otterville Saddle Club Holds Fifth Year Show

The Otterville Boots and Saddle Club presented the fifth annual saddle club show at the club grounds Sunday afternoon with a large attendance. There were around 20 saddle clubs participating.

Homan Williams, Otterville, was the announcer and Mrs. George Langkop furnished the organ music. Dr. Jean R. Popejoy of California served as judge and Frank Miller, Syracuse, served as ring-master.

The program of 15 classes was well filled with entries. The sheep roping proved exciting with B. M. Williams of the Saddle Tramps Club of New Franklin receiving first award and Charles Dowdy, Western Horsemen Club, Sedalia, placing second.

The Otterville Club placed first in the relay composed of Marcum, Kindie, Fry and Meyers. Cotton Burford with pick up Tom Kindie placed fourth in pick up race as Jimmie Mayfield won first in children's horsemanship class under 12 years.

The Otterville Boots and Saddle Club will participate in the state show at the Sedalia coliseum on the fair grounds Sunday, Sept. 18, for state honors.

## Championship Race By Stock Cars Tonight

On Wednesday night, Sept. 14, the Grand Championship Stock Car Race will climax the racing season at the Golden Valley Speedway at Clinton.

There will be a guaranteed purse of \$1,000. The fast fantastic doodle bugs and top modified cars, piloted by veteran drivers will be driving hard to place in the big money.

Beautiful trophies will be presented to the winners of each event by four lovely queens. The "A" feature will be 50 laps. The leader of each lap of the main race will be paid \$2.50 per lap led.

The three top point drivers of the season, D. B. Bunch, of Webb City; Jay Moore, of Pittsburg, Kan., and Paul Curry, of Carthage, Mo., will be awarded beautiful trophies, as will the driver receiving the most votes for the "Favorite Driver."

It will be one of the biggest and fastest races of the racing season in Missouri. An extra large field of cars will be on hand.

A special attraction on the evening program, Wednesday night, will be a race between four mid-gets. The winner will receive a trophy. A preliminary to the Big Mid-Western championship mid-ge race will be held at the Golden Valley Speedway on Sunday, Oct. 2. A \$1,000 guaranteed purse will be offered, thus enabling the top mid-ge drivers from Wisconsin, Iowa, Illinois, Texas, Oklahoma, Kansas and Missouri to enter the biggest race of mid-gets to be staged in this vicinity.

Extra seats have been erected this week to take care of the large overflow crowd that is expected at Wednesday night's race. Time trials will begin at 7:30 p.m. and a full racing schedule will prevail.

Alfred Hall and Jewel Kidwell, of Sedalia, top expert officials, will again be on hand as flagman and lap counter.

## Burnine Is Among 4 Men Heading Conference Stars

KANSAS CITY (AP)—Colorado's John Bayuk heads a list of four returning gridmen who will be out to repeat as the Big Seven Conference's individual leaders.

Bayuk, a strapping 6-1, 221 pound junior, topped the conference in rushing last year. He packed the ball 145 times for a total of 847 yards.

The 21-year-old Buff fullback also was runnerup in the scoring department to Oklahoma's Buddy Leake. He was credited with 9 touchdowns and 14 extra points for a total of 68 points. Leake, who graduated this spring, had 77 points.

Ted Rohde of Kansas, Harold Burnine of Missouri and Tommy McDonald of Oklahoma are the other returning individual leaders.

Rohde led the punters with a 43.7 yard average—good for the No. 2 spot nationally. He booted the ball 29 times for a total of 1269 yards.

Burnine grabbed 21 passes and lugged them 339 yards.

McDonald, a 5-9, 169 pound speed merchant from Oklahoma caught 7 punts and averaged 19.1 yards on each return.

Don Erway, a junior quarterback for Nebraska and seniors Jerry Finley of Iowa State and Bev Buller of Kansas will be among those hoping to succeed

Missouri's Vic Eaton and Tony Scardino as top passer. Eaton and football careers as No. 1 and 2 passers in the league.

Names that will be most noticeably missed in the individual leaders circle this year include Colorado's twin threats Frank Bernardi and Carroll Hardy, Oklahoma's Buddy Leake and Bob Herndon.

Meanwhile, coaches continued to shake up their starting elevens in an effort to find their No. 1 units for the season opens this Saturday and Sept. 24.

Frank Clarke and Jerry Leahy, ends; Bill Kucera, tackle; Joe Connors, guard; Dick Hyson, quarterback and Marshall Hoffman, fullback, took over on Colorado's first string as Coach Dal Ward expressed dissatisfaction with the squad's condition.

Sophomore Bill Krisher moved into the first unit right guard spot at Oklahoma.

Bob Krause, a 210 pound Massillon, Ohio, sophomore stepped up to left guard on the Kansas eleven.

Coach Don Faurot of Missouri named four Tigers who will probably miss the Maryland game because of injuries. They are guard Jack Wilkinson, end Terry Roberts and backs John Powell and Bill Curley.

# TV Addicts Have Had Sets Longer

By CHARLES MERCER  
NEW YORK (AP)—A lot of people say that the longer you own a television set the less you look at it. But the American Research Bureau, reporting on a survey, says that people who have had their sets the longest look the longest.

Who are these folks who do the most viewing?

They are, says ARB, families of 4 or more members, with the parents aged 20 to 39, who have owned their TV sets on the average of 43 months. The woman of the house does by far the most viewing. Such families keep their sets on an average of 56 hours a week, thus helping make 25 per cent of the nation's potential TV audience account for 40 per cent of the nation's viewing.

Not too long ago it was a great American Sunday afternoon sport to sit in the parlor and look at panoramic scenes of Niagara Falls and the Grand Canyon through the old stereoscope.

Beginning Oct. 16, if NBC-TV, ha, its way, the great American

Sunday afternoon sport will be looking at panoramic scenes on television. "Wide Wide World," brainchild of NBC president Sylvester L. Weaver Jr., has grown into pants, acquired sponsors, and will come to the screen every other Sunday afternoon at 4 p.m. (Eastern Time) through next June 3.

Theme of the first hour and a half show is "A Sunday in Autumn." To present that American panorama 50 camaras will traverse 30,000 miles and shoot from the air, on the ground, under water, from the deck of a boat and a moving cable car.

# Sinatra Sorry Over Missing 'Carousel'

By BOB THOMAS  
HOLLYWOOD (AP)—Frank Sinatra says he is sorry to miss doing "Carousel" on the screen, "but I just don't work that way."

He referred to the making of the film in two processes. He walked off the Boothbay, Maine, location when he discovered the musical would be made in Cinemascope and another wide-screen method. Twentieth Century-Fox replaced him with Gordon Macrae and sued Sinatra for a million dollars.

"I would have been insulted if they had sued me for less," remarked the crooner-actor. "They haven't got a case. I never even signed a contract for the picture."

The studio declined comment on Sinatra's remarks, but cited its

statement at the time the suit was filed: that making films in two processes is common practice in the movie industry.

Sinatra gave this version of the incident:

The "Carousel" deal happened suddenly. The studio had the script written, but hadn't acquired full rights from Rodgers and Hammerstein. When Sinatra was called, he agreed to do the film, provided it could mesh with his other plans.

"When I got up to Maine, they sprang this two-process gimmick on me," he declared. "I just don't work that way. It would have meant getting a shot, then re-shooting, getting new marks and doing the scene all over again. It would

have meant five or six weeks more work.

"I stayed on the location hoping they would get it straightened out. Nothing happened. I even waited in New York. Money was no object; they were paying me well (\$150,000) and you can't keep it anyway."

"Somebody printed that I didn't intend to do the picture anyway. That's a lot of nonsense. If I didn't want to do it, would I have gone all the way to Maine? Would I have worked like the devil on the prerecordings here?"

"I have wanted to do 'Carousel' since I was a kid."

MAIL GOES THROUGH . . . Mrs. Jennie Lord delivers mail bags to post office after day's work is done.

## Woman at 60 Now Veteran Mail Carrier

EAST BROWNFIELD, Maine — Mrs. Jennie Lord has been the town's mail carrier for 25 years because her husband didn't want to do the driving after they got the contract.

Now 60, Mrs. Lord is still meeting the trains and buses and making four round trips daily between East Brownfield and Brownfield.

When she learned she was going to handle the mail, Mrs. Lord promptly began learning to drive — with the help of a diagram of gear shifting drawn by her son. She recalls:

"I went out and started the car and it shot right under the clothes-line — clean wash and all."

She was pretty determined, however, and by the time the mail contract became effective, she was ready.

Mrs. Lord meets a bus at 7:20 a.m., a train at 8:50 a.m., another

BERRIE SPRINGS, Mich. — Mrs. Zora Rowman, a grandmother, really carries the mail in Berrie Springs — sometimes up to 150 pounds of it over a 15-mile route.

Mrs. Rowman walked a village route daily for five years during the civilian manpower shortage of World War II. Now she is called in to substitute for regular carriers who are ill or on vacation and to assist in holiday rushes.

bus at 1:30 p.m., and a train at 4:40 p.m.

"You've got to watch the clock from the time you get up," she says.

She travels only eight miles in all, but she says she spends a lot of time just waiting around. The job, she says, pays 50 cents a trip, or \$60 a month, regardless of the time involved. But it's steady work she figures, and she enjoys it.

One day, she recalled, she was putting the locked mail pouches in the front seat when she saw a man being put off the train. As she was about to leave, she noticed the train conductor point his flashlight into the back of the truck. She investigated and found the man inside.

When she asked him what he was doing, he replied: "I'm going wherever this truck is."

But he didn't — not when Jennie reached for her gun.

Life hasn't been easy for Mrs. Lord. Besides toting the heavy mail bags, she cooks and keeps house for herself and her son. She had to leave school to care for her invalid mother. At the age of 13 she also began helping to bring up three brothers. In 1937 an automobile accident put her out of action for a year. In 1947, her home was destroyed by a forest fire. Three times since then her right arm has been broken. Her husband died and seven months after her second marriage, her new husband passed away.

"Yes, it's been a mite tough sometimes, but it can't be all sunshine," Jennie philosophizes. "I would have had to walk a good many times if it hadn't been for friends and neighbors."

## Benson Finds A Headache, Farm Unrest

WASHINGTON (AP)—Secretary of Agriculture Benson returns today from a two-week agricultural trade tour of Europe to find his farm policies embroiled in renewed political controversy.

Declining farm prices and incomes have made the farm program a dominant partisan issue in the preliminary party skirmishing for next year's presidential campaign.

Benson visited Great Britain, the Netherlands, Denmark, France, Italy and Switzerland in search of possible new markets for American farm surpluses which help to hold down current prices. He also sought international cooperation in dealing with world trade problems.

An Agriculture Department survey—issued two days after Benson left on his tour—showed that farm prices had declined 4 per cent during the past two months and were down 6 per cent from a year ago.

Another report issued by the department yesterday said net farm income had dropped about 4.3 per cent during the first half of this year. It predicted a further decline during the third quarter of the year.

These and other developments have brought on speculation about possible changes in administration farm policies—some of it by leaders of Benson's own party concerned about the farm vote next year.

At meetings here last week, some GOP state chairmen reported farmer dissatisfaction with the current situation and conceded it poses a problem for the Republicans.

Whether the administration will make any changes in its policies may be disclosed in a series of political speeches Benson is scheduled to make in farming areas this fall.

### Extension Club Meets

The Oak Point Extension Club met Sept. 8 at the home of Mrs. Herbert Gerken with eight members present. Roll call was "What Makes A Good Citizen." Mrs. Gerken presided over the business meeting and Mrs. Fred Borchert, devotional leader, read the Bible selection.

Election of officers was held as follows: president, Mrs. Otto Tegtmeyer; vice-president, Mrs. Erwin Rumpf; secretary-treasurer, Mrs. Claude Crole; reporter, Mrs. Fred Borchert; and parliamentarian, Mrs. Henry Smith.

The next meeting will be held with Mrs. Tommy Curtis, Oct. 13.

## \$64,000 Question No Big Problem For Cook-Captain

NEW YORK (AP)—Marine Corps Capt. Richard McCutchen, the epicure and cookery whiz, has hit the jackpot on The \$64,000 Question—biggest prize in the history of radio and television.

The 28-year-old Leatherneck won the CBS television bonanza with an amazing knowledge of foods and cooking.

His father, a retired Navy captain, served as aide-de-camp to the overseas veteran answered an extremely complicated question last night.

Experts figure roughly that McCutchen will be able to keep about \$35,000 of the prize after income taxes.

McCutchen, who has a wife and three small daughters, said the money will go "right in the bank."

He told newsmen, "I've got an idea of what I'm going to invest it in."

He said he will remain in the marines.

McCutchen won by describing seven items of the menu served at a dinner given at Buckingham Palace March 21, 1939, for the French President and his wife. Master of ceremonies Hal March named the dishes—soup, fish, vegetable, sauce, dessert—and two wines and called on McCutchen to describe them.

### Striped College 4-H Club to Entertain PTA

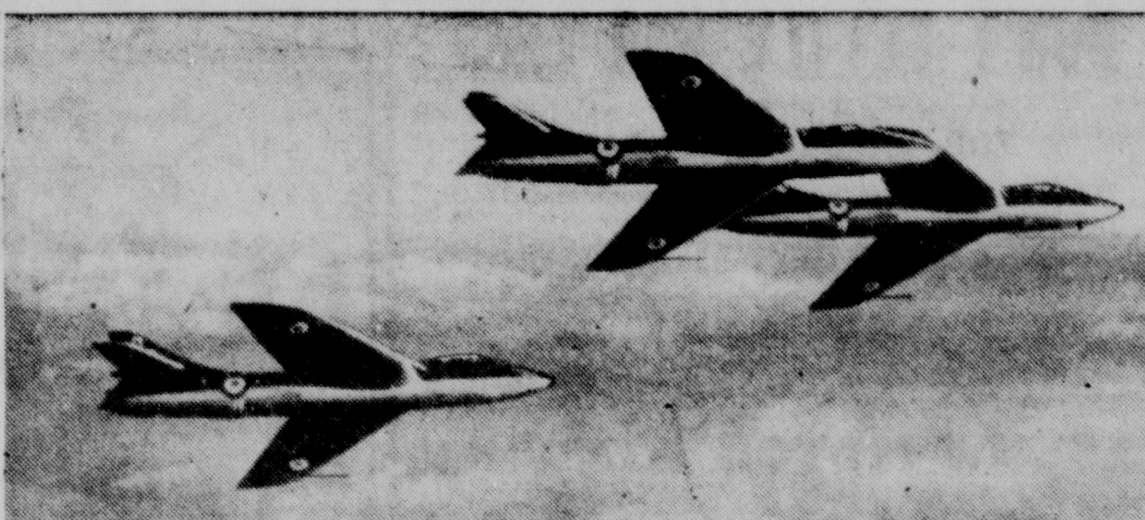

The Striped College 4-H Club met Sept. 6 at Striped College School, with roll call being answered by "What I Did on My Vacation". There were 31 members present and two new members, Janice Ratje and Patty Balken.

Miss O'Brian and Miss Page were guests of the club and showed some colored slides. Demonstrations were given by Ralph Eye, Eddie Shipley, Mary Eye, Henry Perkins and Larry Perkins. It was announced that the club is to give a program at the Striped College PTA meeting Friday night. Games were played, with several songs, and refreshments were served.

The next meeting will be election of officers and making plans for the Thanksgiving supper at the school Oct. 4.

The Pennsylvania Academy of Fine Arts, in Philadelphia, is the oldest art association in the United States. It was founded 1805.

**HAWKS COME HOME TO ROOST**—British-made Hawker Hunter jets—140 million dollars' worth—are being bought by the United States for use by the Royal Air Force, according to a Defense Department announcement. On order since 1953 under the United States off-shore procurement program which is designed to build up armament of the North Atlantic Treaty Organization, they were at first believed to be intended for the new German air force. The 465 planes will replace some 400 F-86 Sabre Jets the United States assigned to the RAF in 1952 and 1953, at a "critical time" in Britain's airpower build-up. Sabre Jets will be assigned to other countries, according to a department spokesman.

## Woman Plunges Thru Glass Roof In Death Leap

NEW YORK (AP)—A young woman crashed through the glass roof of the Biltmore Hotel's fashionable Palm Court at the end of a fatal 24-floor plunge yesterday, landing in the midst of 15 persons having cocktails and a late lunch.

She hit and seriously injured a man sitting with his wife in the lounge. Ten other persons were cut by flying glass.

The woman, who had registered Monday at the hotel, was Miss Mary H. Merkle, about 27, Cleveland, Ohio. Her mother Mrs. E. B. Merkle was here with her.

The young, brown-haired woman

had dropped from the bathroom window of her suite or from a fire escape outside, police reported. Mrs. Merkle, who was writing letters in the bedroom at the time, became hysterical when she learned of her daughter's death.

The daughter was taken to a hospital, where she soon died. A priest had administered last rites while she lay on the hotel floor.

Police said she had been despondent after a nervous breakdown and was in New York for medical treatment.

## YOUR CHILD MAY HAVE PIN-WORMS

1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms. . . . ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it. To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P.W. tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily. Don't take chances with this dangerous, highly contagious condition. Get genuine Jayne's P.W. Vermifuge. . . . small, easy-to-take tablets. . . . special sizes for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.
